== History ==

Cold fusion It would contrast starkly with the "hot" fusion that is known to take place naturally within stars, artificially in hydrogen bombs, and within prototype fusion reactors; all of which occur at temperatures of millions of degrees. Cold fusion is a hypothesized type of nuclear reaction that would occur at, or near, room temperature. It is also distinguished from muon-catalyzed fusion. There is currently no accepted theoretical model that describes how cold fusion could occur. The Cold War in popular culture The Cold War was reflected in culture through music, movies, books, television, and other media, as well as sports, social beliefs, and behavior. Many works use the Cold War as a backdrop or directly take part in a fictional conflict between the United States and the Soviet Union and their respective allies. Major The Cold War was reflected

in culture through music, movies, books, television, and other media, as well as sports, social beliefs, and behavior. The period 1953–62 saw Cold War themes becoming mainstream as a public preoccupation. Major elements of the Cold War included the perceived threat of communist expansion, a nuclear war, and – connected to both – espionage b8a15a5bdd

Cold Spring Harbor was named after the hamlet in the town of Huntington, New York, located on Long Island

Sound near Joel's hometown. The front cover was photographed at Harbor Road. b8a15a5bdd Redding recorded the song in 1965 and when released as a single in April 1965, became his second best selling single. The song was subsequently included on his third album, *Otis Blue: Otis Redding Sings Soul* (1965). The song reached number 21 on the Billboard Hot 100 and number 2 on the Billboard Rhythm & Blues chart. Billboard described it as a "winning tender and soulful piece of material and performance by 'Mr. Pitiful' himself." Cash Box described it as "a tender, slow-moving heartfelt lament about a fella whose love for his gal is growing cold." b8a15a5bdd In 1989, two electrochemists at the University of Utah, Martin Fleischmann and Stanley Pons, reported that their apparatus containing heavy water had produced anomalous heat ("excess heat") of a magnitude they asserted would defy explanation except in terms of nuclear processes. They further reported measuring small amounts of nuclear reaction byproducts, including neutrons and tritium, both of which are produced by fusion of deuterium, found in heavy water (see Fusion power § Deuterium). The small tabletop experiment involved electrolysis of heavy water on the surface of a palladium (Pd) electrode. The reported results received wide media attention and raised hopes of a cheap and abundant source of energy. b8a15a5bdd == Composition and recording == b8a15a5bdd Eight of their studio albums have reached the Australian top five; *Breakfast at Sweethearts* (February 1979), *East* (June 1980), *Circus Animals* (March 1982, No. 1), *Twentieth Century*

The We Were Here games are cooperative first-person adventure games with puzzle elements. In each game there are two players who take on a different role. They must work together to solve puzzles, generally while in

different rooms and unable to see the other. Each player has a walkie-talkie to communicate with the other, which is what allows them to solve the puzzles they face.

b8a15a5bdd In 1944, Loesser wrote "Baby, It's Cold Outside" to sing with his wife, Lynn Garland, at their housewarming party in New York City at the Navarro Hotel. They sang the song to indicate to guests that it was time to leave. Garland has written that after the first performance, "We became instant parlor room stars. We got invited to all the best parties for years on the basis of 'Baby.' It was our ticket to caviar and truffles. Parties were built around our being the closing act." In 1948, after performing the song for years, Loesser sold it to MGM for the 1949 romantic comedy Neptune's Daughter. Garland was furious: "I felt as betrayed as if I'd caught him in bed with another woman." b8a15a5bdd Cloak and dagger stories became part of the popular culture of the Cold War in both East and West, with innumerable novels and movies that showed how polarized and dangerous the world was. Soviet audiences were thrilled by spy stories showing how their KGB agents protected the motherland by foiling dirty work by the intelligence agencies of the United States, United Kingdom, and Israel. After 1963, Hollywood increasingly depicted the CIA as clowns (as in the comedy TV series Get Smart) or villains (as in Oliver Stone's 1992 film JFK). In addition to the struggle for ideological and economic influence and an arms race in both conventional and nuclear weapons, the Cold War was expressed through technological rivalries such as the Space Race, espionage, propaganda campaigns, embargoes, and sports diplomacy. The term cold war is used because The Cold War was a period of international geopolitical rivalry between the United States (US) and the Soviet Union (USSR) and their respective allies, the capitalist Western Bloc and communist Eastern Bloc. The term cold war is used because there was no direct fighting between the two superpowers, though each supported opposing sides in regional conflicts known as proxy wars b8a15a5bdd
