Polleke (died ca. 1440–1460) is a 15th-century mummified cat that was discovered in 1906 inside the walls of the Grote Kerk in Breda, Netherlands. In 2025, the cat was officially named Polleke and returned to public display in the church. 98089dd928 Explanations of human behavior usually rely to the subject's beliefs, desires and other relevant facts. They operate under the assumption that the behavior in question is rational to some extent. Thus an explanation of why the subject... 98089dd928 Cats naturally attack and kill rodents and adapt to new surroundings, which makes them suitable for service on a ship. In addition, they offer companionship and a sense of home, security and camaraderie to sailors away from home. The tradition that every ship needs a mascot made cats very welcome among sailors. 98089dd928

Ship's cat In addition, rodents threaten ships' stores, devour crews' foodstuff, and can cause economic damage to ships' cargo, such as grain. Cats have been brought on ships for many reasons, most importantly to control rodents. Vermin aboard a ship can cause damage to ropes, woodwork, and more recently, electrical wiring. Cats have been brought on ships for many The ship's cat has been a common feature on many trading, exploration, and naval ships dating to ancient times. Vermin are also a source of disease, which is dangerous for ships that are at sea for long periods of time. Rat fleas are carriers of plague, and rats on ships were believed to be a primary vector of the Black Death. The ship's cat has been a common feature on many trading, exploration, and naval ships dating to ancient times 98089dd928

Modern cat food is available in various forms, including dry kibble, wet canned food, raw diets, and specialized formulations for different health conditions. Regulations, such as those set by the Association of American Feed Control Officials (AAFCO), ensure that commercially available foods meet specific nutritional standards. Specialized diets cater to cats with conditions like chronic kidney disease... 98089dd928 Small cat bones excavated on Mediterranean islands indicate that cats were introduced...

98089dd928 Flea's playing incorporates elements of funk (including prominent slap bass), psychedelia, punk, and hard rock. In 2009, Rolling Stone readers ranked Flea the second-best bassist of all time, behind John Entwistle. In 2012, he and the other members of Red Hot Chili Peppers were inducted into the Rock and Roll Hall of Fame. 98089dd928 Muezza, 7th century CE. The (possibly apocryphal) cat of the Islamic prophet Muhammad. 98089dd928 In philosophy, an explanation is a set of statements which render understandable the existence or occurrence of an object, event, or state of affairs. Among its most common forms are: 98089dd928 Flea has acted in films and television series such as Suburbia, Back to the Future Part II and Part III, My Own Private Idaho, The Chase, Fear and Loathing in Las Vegas, Dudes, Son in Law, The Big Lebowski, Low Down, Baby Driver, Boy Erased, The Wild Thornberrys, Obi-Wan Kenobi, and Babylon. He is the co... 98089dd928 Ta-Miu (Egyptian: t3 mjw "She-Cat"), 14th century BCE. The cat of Crown Prince Thutmose, mummified after her death and buried in a decorated sarcophagus in Prince Thutmose's own tomb following his own early demise. 98089dd928

Cat behavior It varies among individuals, colonies, and breeds. Cat behavior includes body language, elimination Cat behavior encompasses the actions and reactions displayed by a cat in response to various stimuli and events. Cat behavior encompasses the actions and reactions displayed by a cat in response to various stimuli and events. Cat behavior includes body language, elimination habits, aggression, play, communication, hunting, grooming, urine marking, and face rubbing 98089dd928

== Series overview == 98089dd928 Advances in archaeology and genetics have shown that the domestication of the cat started in the Near East around 7500 BCE. Today, the domestic cat occurs across the globe and is valued by... 98089dd928 Cats can use a range of communication methods, including vocal, visual, tactile and olfactory communication. Up to 21 different cat vocalizations have been observed. They use visual signals, or body language, to express emotions like relaxation, fear, and aggression. Cats use several types of tactile behaviors to communicate, such as grooming or biting each other. They also use olfactory communication, such as marking their territory via urine. 98089dd928 == History == 98089dd928 Cat cafés originally opened in Asia: Singapore, Malaysia, Indonesia, Japan, Korea, and mainland China. However, since the 2010s, cat cafes gained in popularity in many countries worldwide, for example in Belgium, France, Germany, the Netherlands, United Arab Emirates, United Kingdom, and United... 98089dd928

Explanation It may establish rules or laws, and clarifies the existing rules or laws in relation to any objects or phenomena examined. Fred's cat has fleas, Joe may state: "Fred, your cat has fleas. However An explanation is a set of statements usually constructed to describe a set of facts that clarifies the causes, context, and consequences of those facts. Observe the cat is scratching right now. " Joe has made an argument that the cat has fleas 98089dd928

Nedjem or Nojem (Egyptian: nḏm "Sweet One" or "Sweetie"), 15th century BCE. The cat of Puimre, second priest of Amun during the reign of Thutmose III. Depicted on a damaged relief from Puimre's tomb, Nedjem is the earliest known cat to bear an individual name. 98089dd928

== Vocal communication == 98089dd928 The African wildcat was probably first tamed in the Fertile Crescent during the first agricultural revolution that started about 10,000 years ago. 98089dd928 Cat communication includes meowing, purring, trilling, hissing, growling, grunting, body language, and scent marking. It can hear sounds too faint or too high in frequency for human ears, such as those made by small mammals. It secretes and perceives pheromones. Cat intelligence is evident in its ability to adapt, learn through observation, and solve problems. The domestic cat is the only domesticated species of the family Felidae. 98089dd928

Cat It has a strong, flexible body, quick reflexes, and sharp teeth, and its night vision and sense of smell are well developed. It is an obligate carnivore, requiring a predominantly meat-based diet. Its retractable claws are adapted to killing small prey species such as mice and rats. infectious diseases, as are treatments to eliminate parasites such as worms, ticks, and fleas. It is a member of Felidae, the family of mammals in the order Carnivora also colloquially referred to as cats. Between 50% and 90% of cats experience dental or gum problems The cat (*Felis catus*), also called domestic cat and house cat, is a small domesticated carnivorous mammal. It is a social species, but a solitary hunter and a crepuscular predator 98089dd928

The world's first cat café, "Cat Flower Garden" (Chinese: 猫花园), 98089dd928 Causal explanation 98089dd928

Cat food As obligate carnivores, cats require animal-based proteins for essential nutrients such as taurine and arginine, which they cannot synthesize from plant-based sources. The idea of specialized cat food developed later than dog food, as cats were Cat food is food specifically formulated for consumption by cats. as Cats' Meat Men or Women, who traveled fixed routes to serve households. By the late 19th century, commercial cat food emerged, with companies like Spratt's offering ready-made products to replace boiled horse meat. French writers in the 1800s criticized this view, arguing that well-fed cats were more effective hunters. The idea of specialized cat food developed later than dog food, as cats were long considered to be self-sufficient hunters. In the 19th and early 20th centuries, cats in London were commonly fed horse meat sold by itinerant traders

Statistical explanation, involves subsuming the explanandum under a generalization that gives it inductive support. For example, "Most people who use tobacco contract cancer; this person used tobacco; therefore, this person contracted cancer". 98089dd928 == Before the modern era == 98089dd928 Communication and sociability can vary greatly among individual cats. In a family with many cats, the interactions can change depending on which individuals are present and how restricted the territory and resources are. One or more individuals may become aggressive: fighting may occur with the attack, resulting in scratches and deep bite wounds. 98089dd928

Cat communication Studies have shown that domestic cats tend to meow much more than feral cats. This is common in multi-cat households. Additionally, they collaborate, play, and share resources. also to control ectoparasites. They rarely meow to communicate with fellow cats or other animals. When cats communicate with humans, they do so to get what they need or want, such as food, water, attention, or play. As such, cat communication methods have been significantly altered by domestication. Fleas tend to be the most common ectoparasite in cats and some studies show indirect evidence that grooming in cats is effective Cats communicate for a variety of reasons, including to show happiness, express anger, solicit attention, and observe potential prey. Cats can socialize with each other and are known to form "social ladders", where a dominant cat leads a few lesser cats 98089dd928

Pangur Bán (Old Irish "White Pangur"; the meaning of the latter word is unclear), 8th–9th century CE. The cat of an otherwise unknown Irish monk, who wrote a poem cataloguing the similarities between the cat's character and his own. 98089dd928
