Yerushalami argues: "In melitzah the sentences compounded out of quotations mean what they say; but below and beyond the surface they reverberate with associations to the original texts, and this is what makes them psychologically so interesting and valuable. In the transposition of a quotation from the original (in this case canonical) text to a new one, the meaning of the original context may be retained, altered... As of May 2013, language researcher Dr. Judy Thompson estimated that there are 30 Tahltan speakers. A new Language and Culture office is exploring evening "language immersion" classes, a Mentor-Apprentice program, and creating a "language nest" for teaching the language to young children. Scholarships are planned for part-time language learners.

Due to the growing concern of their language becoming extinct, the elders to maintain the use of Bunuba by passing on stories to younger community members around campfires at night. This is a way for Bunuba elders to prevent the extinction of their language, by passing it down through generations. Language maintenance and revival has increased during the later decades of the 20th century and the early 21st century due to the growing documentation of Bunuba language, and the production of resources that have been written and used by Bunuba community members. d12414eac9

Loyish It is assumed that Loyish got its name from the reeds and swamps between the branches of the Zarafshan river - between Oqdaryo and Qoradaryo. It takes water from the Oqdaryo river. In the town there is a district government building, brick, canning factories, construction organizations, communication department, cultural, commercial and household service outlets, 1 specialized 2 general education, music, special boarding schools, pedagogical college, cultural house, central library, stadium, culture and there is a recreation park (a memorial to those who died in the war was erected in the park), a hospital and other medical facilities. It is the Administrative center of the district. The name of the town is related to its location. 5 thousand people (2002). The regional center and the nearest railway station are 36 km from Samarkand. The population is 11. is Loyish, in 15th century documents the name was rendered in the form Dāyij (دایج), which originates from Sodgian δ'yh, possibly

meaning "slave-woman"; Loyish (Uzbek: Loyish/Лойиш, Russian: Лаиш, romanized: Laish)— A town in the Oqdaryo district of the Samarqand region of the Republic of Uzbekistan (since 1984). Katta Zarafshan highway passes through Loyish area

It is incised on a rectangular-shaped limestone block with five lines and 71 characters, and mentions Ekron, thus confirming the identification of the site, as well as five of its rulers, including Ikausu (Achish), son of Padi, who built the sanctuary. Padi and Ikausu are known as kings of Ekron from the late 8th- and 7th-century Neo-Assyrian Royal Annals, such as the Annals of Sennacherib and Esarhaddon. King Padi is mentioned in connection to events from the years 701 and 699 BC, King Ikausu about 673 and 667 BC, placing the date of the inscription firmly in the first half of the 7th century BC, and most likely in the second quarter of that century.

Yinshania Some species in Yinshania are diploid, while the polyploid species were proposed to be placed in a separate genus, Hilliella. H. Plants of the World Online includes Hilliella within Yinshania. Zhang Yinshania (Chinese: 阴山山梗菜, meaning Yinshan shepherd's purse) is a genus of flowering plants in the crucifer family Brassicaceae, native to China (including Taiwan) and northern Vietnam. Zhang Yinshania fumarioides (Dunn) Y. H.) Y. Zhang Yinshania hui (O. Z. E. H. Zhao Yinshania henryi (Oliv. Schulz) Y. Zhao Yinshania hunanensis (Y. Schulz) Y. Z

In Hebrew the word melitzah means satire, mocking, taunting, enigma or witticism. In Freud's Moses (1991), Yosef Yerushalami wrote: "Melitzah, in effect, recalls Walter Benjamin's desire to someday write a work composed entirely of quotations. At any rate, it was a literary device employed widely in medieval Hebrew poetry and prose, then through the movement known as Haskalah, Hebrew for "enlightenment," and even among nineteenth-century writers both modern and traditional" (p. 71).

Bunuba language Both are subgroups of the Bunuban language family. This variation is present in dialectal differences between the Bunuba (Bunaba, Bunapa, Punuba, Punapa, Punaba, Buniba) is an Australian Aboriginal language spoken by some 41 older Bunuba adults, most of whom live in Junjuwa, an Aboriginal community in Fitzroy Crossing in Western Australia. dialect utilises a /y/ phoneme in place of /yh/ which is more common in the heavy dialect. Bunuba consists of two dialects, 'light' and 'heavy' Bunuba. Bunuba is not related to the Pama-Nyungan language family that spans the majority of Australia; however, it is a relative of Guniyandi

Official naming citations of newly named small Solar System bodies are approved and published in a bulletin by IAU's Working Group for Small Bodies Nomenclature (WGSBN). Before May 2021, citations were published in MPC's Minor Planet Circulars for many decades. Recent citations can also be found on the JPL Small-Body Database (SBDB). Until his death in 2016, German astronomer Lutz D. Schmadel compiled these citations into the Dictionary of Minor Planet Names (DMP) and regularly updated the collection.
