Premise Products The first series takes place during an all-night flight between London and Beijing after a British man is extradited to China on suspicion of manslaughter. The most common infectious causes in adults are viral, whereas in children bacterial causes predominate. The viral infection may occur along with other symptoms of a common cold. Both viral and bacterial cases are easily spread among people. Allergies to pollen or animal hair are also a common cause. Diagnosis is often based on signs and symptoms. Occasionally a sample of the discharge is sent for culture. A second series, Red Eye: Crimson Icarus, was announced in September 2024, with Lusi, Moore, Sharp and Armitage returning, and Martin Compston joining the cast. It premiered on ITV1 and ITVX on 1 January 2026. The series was first published in Kodansha's seinen manga magazine Weekly Morning in Japan from November 2004 to June 2014, with its chapters compiled in 44 tankōbon volumes. A sequel manga series, titled Drops of God: Mariage (Mariāju - Kami no Shizuku Saishūshō) continued where the original manga left off, focusing on Shizuku traveling abroad to deepen his knowledge of wine and his search for the "Drops of God". The manga's theme is the "marriage" between wine and food, exploring the many different combinations between them. Serialization began on May 28, 2015, a few months...

Private Eye is Britain's best-selling current affairs news magazine, and such is its long-term popularity and impact that many of its recurring in-jokes have entered popular culture in the United Kingdom. The privately owned magazine bucks the trend of declining circulation for print media, having recorded its highest-ever circulation in 2016 of over 287,000 for that year's Christmas edition. The bands on the compilation were a mix of Austin, Texas musicians, Erickson fans or associates, and groups on the roster of major labels Warner Bros. and Sire. Due to the maximum-length difference between compact discs, cassettes, and LPs, several songs had to be left off the original CD release, but were included on the cassette... With a "deeply conservative resistance to change", it has resisted moves to online content or a glossy format: it has always been printed on cheap paper and resembles, in format and content, a comic rather than a serious magazine. Both its satire and investigative journalism have led to numerous libel suits. It is known for the use of pseudonyms by its contributors, many of whom have been prominent in public life—this even extends... Plot

The condition commonly occurs around Christmas time, hence its name, in the south-west region of New South Wales and north-east Victoria. Christmas Eye is monocular, meaning that the infection only occurs in one eye and it is known to be extremely painful. Many patients are actually awakened in the early hours of the morning due to major pain. This condition is known to be terrible, such that patients have indicated that the pain is torturous and on par with giving birth. It is more tormenting for children, who often cannot communicate the severity of the pain that they are experiencing. 152f752b07
