There is however a fair sized minority who would support further work on the the tool. It does though need to be recognised that they are a minority and as a result any further work on the tool needs to be limited to a level which that minority cope with on its own without wider involvement in the community (which is less than the existing level of deployment). While I appreciate this will probably create problems for those trying to do statistical analysis it is the only way development can continue on the English wikipedia while respecting the the general will of the community. b5097454cd == SPATS ==

On May 10, 2018, Fox canceled the series after four seasons. b5097454cd The series uses "mockumentary" techniques to depict the fictional, reality television-style adventures of enthusiastic professional critic Forrest MacNeil, who hosts a TV show called Review in which he engages in any life experience his viewers ask him to (to judge if the experience "is any good"). Afterward, Forrest formally rates each life experience in-studio, on a five-star scale. However, Forrest's compulsive curiosity and uncompromising commitment to the show unexpectedly backfire in ways that increasingly impact his own formerly ideal real life. b5097454cd
