Strategic planning Strategic planning or corporate planning is an activity undertaken by an organization through which it seeks to define its future direction and makes Strategic planning or corporate planning is an activity undertaken by an organization through which it seeks to define its future direction and makes decisions such as resource allocation aimed at achieving its intended goals. Often, strategic planning is long term and organizational action steps are established from two to five years in the future. "Strategy" has many definitions, but it generally involves setting major goals, determining actions to achieve these goals, setting a timeline, and mobilizing resources to execute the actions. A strategy describes how the ends (goals) will be achieved by the means (resources) in a given span of time. Strategy can be planned ("intended") or can be observed as a pattern of activity ("emergent") as the organization adapts to its environment or competes in the market 2fc155e493
