The movement has been traced to the late 1990s when high-protein foods became a more prominent diet focus due in part to the Atkins diet. Since then, bacon-focused events and gatherings celebrating the food have been reported and bacon-related exploits have been featured in the media. Many have criticized bacon mania due to the promotion of processed meats. acf21836b7 Foods allowed during the traditional Whole30 program include meat, nuts, seeds, seafood, eggs, vegetables, and fruits. During the Whole30, participants are advised not to count calories or to weigh themselves. After the

program is complete, participants are counseled to strategically reintroduce foods outside the endorsed Whole30 list, document the health consequences and culinary value of these additions, and determine whether the addition is desired. The program's founders believe that sugar, grains, dairy, alcohol, and legumes may affect weight, energy, and stress levels.
