

Against All Odds Meaning

== History == f232928762 Sports bettors place their wagers either legally, through a sportsbook or bookmaker (colloquially known as "bookies"), or illegally through privately run enterprises. The term "book" is a reference to the books used by wage brokers to track wagers, payouts, and debts. Many legal sportsbooks are found online, operated over the Internet from jurisdictions separate from the clients they serve, usually to get around various gambling laws (such as the Unlawful Internet Gambling Enforcement Act of 2006 in the United States) in select markets, such as Las Vegas, or on gambling cruises through self-serve kiosks. There are different types of legalized sports betting now such as game betting, parlays, props, and future bets. They take bets "up-front", meaning the bettor must pay the sportsbook before placing the bet. Due to the nature of their business, illegal bookies can operate anywhere but only require money from losing bettors and do not require the wagered money up front, creating the possibility of debt to the bookie from the bettor. This creates a number of other criminal elements, thus furthering... f232928762 Clarke, as well as being the manager, was the captain of the AEE team until his death in 1856. However in many situations, the possible loss ("stake" or "wager") is paid up front and, if the gambler wins, the net win plus the stake is returned. So wagering 2 at "3 to 2", pays out 3 + 2 = 5, which is called "5 for 2", and sometimes this is called decimal odds. When Moneyline odds are quoted as a positive number +X, it means that a wager pays X to 100. When Moneyline odds are quoted as a negative number –X, it means that a wager pays 100 to X. f232928762
