

What Is Social Structure

The debate over the primacy of structure or of agency relates to an issue at the heart of both classical and contemporary sociological theory: the question of social ontology: "What is the social world made of?" "What is a cause of the social world, and what is an effect?" "Do social structures determine an individual's behaviour or does human agency?"

Structural functionalists such as Émile Durkheim see structure and hierarchy as essential in establishing the very existence of society. Theorists such as Karl Marx, by contrast, emphasize that the social structure can act to the detriment of the majority of individuals...

Social philosophy [citation needed]; In his book, What is Political Philosophy. In turn, the social sciences themselves are of focal interest to the philosophy of social science
