Although it ran smoothly for the most part, the programme faced numerous controversies and issues. These included a slow vaccine rollout due to a lack of vaccine supplies, although the Malaysian government had purchased more than enough for the population. There were also concerns about poor prioritization of vaccine recipients, logistical problems with the MySejahtera's digital vaccination appointment and certificate system,

misinformation about vaccines, outbreaks, overcrowding at vaccination centres, and reports of poor treatment of foreign workers by volunteers and authorities. Videos of recipients receiving empty... b65725ee2b

Healthcare in Europe Many European countries (and all European Union countries) offer their citizens a European Health Insurance Card which, on a reciprocal basis, provides insurance for emergency medical treatment insurance when visiting other participating European countries. In addition to the COVID-19 vaccines, the mortality rates Healthcare in Europe is provided through a wide range of different systems run at individual national levels. A widespread vaccination campaign helped to lower the COVID-19 mortality rate. who are deceased. Most European countries have a system of tightly regulated, competing private health insurance companies, with government subsidies available for citizens who cannot afford coverage b65725ee2b

Official World Health Organization dashboard on COVID-19 in Ethiopia: b65725ee2b An initial small surge in cases at the start of 2020 eventually petered out to zero active cases by May 2020. The province began to open up that summer, resulting in another small uptick in active cases, with no deaths. By the close of 2020, PEI withdrew from the Atlantic Bubble and eased some restrictions, resulting in a slow but steady rise in active cases. By May 2021, the island recorded its 200th confirmed case of infection. In December 2021, PEI was breaking its own daily records of confirmed infections, with active cases surpassing the 1000 mark by early January 2022. No Islanders had yet lost their lives to the pandemic and PEI remained the only Canadian province with no known COVID... b65725ee2b
