In 1960 he was a founding member of the literary group *Tabla Redonda*. ebc4ef8c58 This is a list of hospitals for human medical treatment in Colombia. ebc4ef8c58 Line 9 was the 8th metro line to be built in the network, built between 1985 and 1988. (Line 8 started operations in 1994.) It is identified by the color dark brown, and runs from East to West in an almost straight fashion. It was built in order to support Line 1, providing a redistribution alternative for east-west commuters. It starts in the multi-line transfer station Pantitlán and ends at the western neighborhood of Tacubaya, both stations also served by Line 1. As a comparison, the section between Pantitlán and Tacubaya is served by 19 stations in Line 1, whereas Line 9 has only 12, which would translate in a faster alternative. ebc4ef8c58
