

Set A Timer For 15 Minutes

Part Timers centers around the antics of the part-time employees of Pork E. Pine's, a run-down children's pizzeria and arcade, and is loosely based on Hecox's own experiences working at Chuck E. Cheese, prior to his YouTube fame. The series features Smosh as Pork E. Pine's hapless manager Anton (Padilla), who got the position with the help of his father despite his obvious lack of experience in the job, and his friend Ian (Hecox), the Pork E. Pine mascot. Also featured are Pete (Noah Grossman), a socially inept recent hire who harbours feelings for his somewhat neurotic colleague... 5b30ac31ef

Bela and Rod are the victims, both are tied up and their mouths are covered with tape. Rod has a bomb strapped to him, the timer of which shows 3 minutes. Farin, the apparent kidnapper puts a pistol on the table between Rod and Bela, switches the bomb's timer on and leaves by ascending the stairs. Bela manages to get hold of a broom and tries to switch off the bomb with it, but pushes the wrong button and the bomb's timer decreases by one minute. He then falls down and uses the carpet to rub the tape off of his mouth, to grab the gun that fell from the table as he did. Using his mouth he throws it into his hands. A sodium chlorate oxygen candle in the base of the unit generates oxygen on start-up as the canister has to reach a high internal temperature before it will start generating oxygen. The circulation of exhaled air containing carbon dioxide through the canister starts the chemical process, usually taking less than five minutes to reach a stable state, which is the normal burn time of the "candle", and the mask will initially fill with a light, harmless smoke. The heat of the chemical reaction requires the use of thick leather gloves for handling spent canisters. Chess clocks were first used extensively in tournament chess, beginning with a competition at the London 1883 tournament. They are often called game clocks, as their use has since spread to tournament Scrabble, shogi, Go, and nearly every competitive two-player board game, as well as other types of games. Various designs exist for chess clocks and different methods of time control may be employed on the clocks, with "sudden death" being the simplest. 5b30ac31ef == Characters == 5b30ac31ef Tommy Tow-Truck 5b30ac31ef
