Still, the poorly organised and underfunded operation was obstructed when a Seychelles customs official discovered weapons in the baggage of one of the arriving mercenaries and raised the alarm. After an extended firefight, the mercenaries hijacked an aircraft and fled to Durban in South Africa. They were charged in the South African courts but received lenient sentences. United Nations and the South African Truth and Reconciliation Commission enquiries condemned the South African government for their participation in an attempt to overthrow a neighbouring government. adea286bd6 There are two distinct regions, the granitic islands, the world's only oceanic islands of granitic rock and the coralline outer islands. The granite islands are the world's oldest ocean islands, while the outer islands are mainly very young, though Aldabra Atoll and St. Pierre Island (Farquhar Group) are unusual, raised coral islands that have emerged and submerged several times during their long history, the most recent submergence dating from about 125,000 years ago adea286bd6 The Seychelles archipelago was uninhabited prior to sustained external contact. Although Arab and Swahili sailors likely knew of the islands earlier through Indian Ocean trade routes, there is no evidence of permanent settlement before European

involvement. The islands were first recorded by Europeans in the 16th century, but were not settled until the 18th century, when France formally claimed them. During the period of French colonization, enslaved Africans were brought to the islands for plantation... adea286bd6
