Kim Soo-hyun is a mother whose young daughter Han Saet-byul gets kidnapped and murdered. Discovering a miraculous ability to go back in time exactly two weeks before the event, Soo-hyun is determined to expose the kidnapping plot and save her daughter before she dies all over again. As Soo-hyun and Dong-chan race against the clock in the allotted 14 days, new light is shed on the crimes, and they uncover secrets far more treacherous than Soo-hyun could have ever imagined. 3a5e19c257 During early seasons, at the start of each show, Jeremy Corbett announced a content warning, saying "the following show is for adults only and contains bad language that may offend some people". As a survival game, the player character is in constant need of water and food for sustenance, as well as being vulnerable to injury and illness. The game is voxel-based (similar in some aspects to Minecraft, but with smooth terrain), allowing for simple building and destruction of objects in a physics-simulated environment (for example, building a structure with no support such as pillars and walls can lead to its collapse).
