Of the three traditional types of chocolate (the others being milk and dark), white chocolate is the least popular. Its taste and texture are divisive: admirers praise its texture as creamy, while detractors criticize its flavor as cloying and bland. White chocolate is sold in a variety of forms, including bars, chips, and coatings for nuts. It is common for manufacturers to pair white chocolate with other flavors, such as matcha or berries. White chocolate has a shorter shelf life than milk and dark chocolate, and easily picks up odors from the environment. d0cd7b0930 Medical research debates whether cheek dimples can be inherited or which type of allele they are,
