Analogy of the divided line These affections are described in succession

as corresponding to increasing levels of reality and truth from conjecture (εἰκασία) to belief (πίστις) to thought (διάνοια) and finally to understanding (νόσις). The lower two sections are said to represent the visible while the higher two are said to represent the intelligible. Socrates asks Glaucon not only to envision this unequally bisected line but to imagine further bisecting each of the two segments. The analogy of the divided line (Ancient Greek: γραμμὴ δίχα τετμημένη, romanized: grammē dichā tetmēmēnē) is presented by the Greek philosopher Plato in The Republic (509d-511e). Socrates explains that the four resulting segments represent four separate 'affections' (παθήματα) of the psyche. Furthermore, this analogy not only elaborates a theory of the psyche but also presents metaphysical and epistemological views. It is written as a dialogue between Glaucon and Socrates, in which the latter further elaborates upon the immediately preceding analogy of the Sun at the former's request b3e2a7b8fe

== History == b3e2a7b8fe == Summary == b3e2a7b8fe Sartre attempts to devise an understanding of the effect literature has on those who are subjected to it. In the foreword Sartre addresses his critics who condemn him for supposing literature can be political rather than relegated to purely art. Using the term "committed writing" in relation to the writer who is politically active, Sartre begins his query into the art of writing. b3e2a7b8fe The concept primarily refers to the practice of creating divisions between opponents to prevent them from uniting against a common foe, allowing the one who divides to gain or maintain political control. As a maxim, it is commonly recommended to political rulers. A secondary usage of the idea refers to the practice of "dividing one's own forces or personnel so as to deal with different tasks simultaneously." The exact wording of the idiom in English is varied, including divide and rule (mainly in British English but rarely used), divide and conquer (in American, the most common variation), divide and govern, and divide so that you may rule. b3e2a7b8fe The book came together after Gaye had contacted Ritz shortly after seeing a review Ritz had given on Rolling Stone about the album, Here, My Dear, criticizing critics who he felt didn't get Marvin's message in the album, which was panned at the time of its release in late 1978. b3e2a7b8fe Gaye and Ritz had ongoing conversations of the singer's life story, most of it recorded on audio tape. In 1982, while visiting Gaye in Belgium where he was on a self-imposed exile, Ritz continued work on the autobiography when Ritz

searched Gaye's room finding explicit comic books, telling the singer, who struggled with depression and other issues, that he "needed sexual healing". An inspired Marvin convinced Ritz to write a few lyrics for what would be Marvin's comeback hit, "Sexual Healing". Gaye and Ritz continued conversations over the biography through 1983 when Gaye went on his U.S. tour... b3e2a7b8fe
