

Aids Day Theme 2021

The mission of UNAIDS is to lead, strengthen and support an expanded response to HIV and AIDS that includes preventing transmission of HIV, providing care and support to those already living with the virus, reducing the vulnerability of individuals and communities to HIV and alleviating the impact of the epidemic. UNAIDS seeks to prevent the HIV/AIDS epidemic from becoming a severe pandemic. 61723c75ec

World AIDS Day World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. The HIV virus attacks the immune system of the patient and reduces its resistance to other diseases. The acquired immunodeficiency syndrome (AIDS) is a life-threatening condition caused by the human immunodeficiency virus (HIV). Government and health officials, non-governmental organizations, and individuals around the world observe the day, often with education on AIDS prevention and control 61723c75ec

World Tuberculosis Day The theme for World TB day 2020 was "It's time to End TB. 5 million died from the disease, mostly in low and middle-income countries. " The theme of World TB Day 2021 was "The Clock is Ticking", conveys World Tuberculosis Day, observed on 24 March each year, is designed to build public awareness about the global epidemic of tuberculosis (TB) and efforts to eliminate the disease. This also makes it the leading cause of death from an infectious disease. In 2018, 10 million people fell ill with TB, and 1. "act on [their] commitments" 61723c75ec

AIDS Memorial Grove com lists National AIDS Memorial Grove. (December) World AIDS Day observed with "All Our Communities Can Make a Difference" theme. Grove Award for Community The National AIDS Memorial Grove, or "The Grove," is located at the de Laveaga Dell in eastern Golden Gate Park, in San Francisco, California 61723c75ec

As of 2020, AIDS has killed between 27.2 million and 47.8 million people worldwide, and an estimated 37.7 million people are living with HIV, making it one of the most important global public health issues... 61723c75ec

World No Tobacco Day The annual observance informs the public on the dangers of using tobacco, the business practices of tobacco companies, what the World Health Organization (WHO) is doing to fight against the use of tobacco, and what people around the world can do to claim their right to health and healthy living and to protect future generations. The play was conceived by a group of students from the University of Iowa Theatre Department, led by graduate student Michael Barto. They performed it in parks and gay nightclubs throughout Iowa City, before being issued a cease-and-desist letter for using licensed music from the film. The group worked with a local community group which supplied rainbow-colored condoms, which were distributed to the audience at the end of each performance. Barto brought the piece to Chicago to revise and relaunch it using original music. 61723c75ec 24 March commemorates the day in 1882 when Dr Robert Koch astounded the scientific community by announcing to a small group of scientists at the University of Berlin's Institute of Hygiene that he had discovered the cause of tuberculosis, the TB bacillus. According to Koch's colleague, Paul Ehrlich, "At this memorable session, Koch appeared before the public with an announcement which marked a turning-point in the story of a virulent human infectious disease. In clear, simple words Koch explained the aetiology of tuberculosis with convincing force, presenting many of his microscope slides and other pieces of evidence." At the time of Koch's announcement in Berlin, TB was raging... 61723c75ec UNAIDS regularly publishes articles and reports on the status of the AIDS epidemic, including roadmaps to ending HIV as a public health threat and updates on the current scientific findings on vaccines and treatments for HIV infections and AIDS... 61723c75ec Key non-environmentally focused partners played major roles. Under the leadership of the labor leader Walter Reuther, for example, the... 61723c75ec While HIV is a type of sexually transmitted infection, the first years of the epidemic in China were dominated by non-sexual transmission routes, particularly among users of intravenous drugs through practices such as needle sharing. By 2005, 50% of new HIV cases were due to sexual transmission, with heterosexual sex gradually becoming the most common means of new infections in the 2000s. New infections among men who have sex with men (MSMs) grew rapidly thereafter, representing 26% of all new cases in 2014, up from 2.5% in 2006. Another major, non-sexual channel of infection was the Plasma Economy... 61723c75ec World TB Day is one of eleven official global public health campaigns marked by the World Health Organization (WHO). 61723c75ec

The Grove is a dedicated space and place in the national landscape where the millions of Americans touched directly or indirectly by HIV/AIDS can gather to heal, hope, and remember. The mission of the AIDS Memorial Grove is to provide a healing sanctuary and to promote learning and understanding of the human tragedy of the AIDS pandemic. 61723c75ec The member states of the WHO created World No Tobacco Day in 1987 to draw global attention to the tobacco epidemic and the preventable death and disease it causes. The day is further intended to draw attention to the widespread prevalence of tobacco use, whose negative health effects lead to more than 8 million deaths each year worldwide, including 1.2 million as the result of non-smokers being exposed to second-hand smoke. The day has been met with both enthusiasm and resistance around the globe from governments, public health organizations, smokers, growers, and the tobacco industry. 61723c75ec == Background == 61723c75ec

HIV/AIDS in China 25 million people living with HIV/AIDS in China at the end of 2018, with 135,000 new infections from 2017. China responds to AIDS—HIV/AIDS HIV/AIDS in China can be traced to an initial outbreak of the human immunodeficiency virus (HIV) first recognized in 1989 among injecting drug users along China's southern border. Figures from the Chinese Center for Disease Control and Prevention, World Health Organization, and UNAIDS estimate that there were 1. AIDS. Chinese Ministry of Health; UN Theme Group on HIV/AIDS in the People's Republic of China. 1998; 12 (Suppl B): S19–S25. The reported incidence of HIV/AIDS in China is relatively low, but the Chinese government anticipates that the number of individuals infected annually will continue to increase 61723c75ec

The Grove continues through the additional generosity of services and financial support given by numerous individuals, corporations, and foundations. Thousands of community volunteers have ensured over 20 years that continuous gardening and regular maintenance occurs, along with periodic enhancement projects, to keep the landscape vital and sense of place beautiful. 61723c75ec Aiming for an audience of teenagers and young adults, HealthWorks toured the piece to high schools and college campuses across the country, occasionally sparking controversy from parents, clergy, and other community members. Although Dorothy chooses abstinence as her prevention strategy, the play frankly discusses... 61723c75ec WNTD is one of 11 official global public health campaigns marked by the WHO, along with World Health Day, World Blood Donor Day, World Immunization Week, World Tuberculosis... 61723c75ec == Introduction == 61723c75ec

HIV/AIDS in Australia As a result, despite significant numbers of at-risk group members contracting the virus in the early period following its discovery, Australia achieved and has maintained a low rate of HIV infection in comparison to the rest of the world. The history of HIV/AIDS in Australia is distinctive, as Australian government bodies recognised and responded to the AIDS pandemic relatively swiftly, The history of HIV/AIDS in Australia is distinctive, as Australian government bodies recognised and responded to the AIDS pandemic relatively swiftly, with the implementation of effective disease prevention and public health programs, such as needle and syringe programs (NSPs) 61723c75ec

In 1969 at a UNESCO conference in San Francisco, the peace activist John McConnell proposed a day to honor the Earth and the concept of peace, to first be observed on March 21, 1970, the first day of spring in the northern hemisphere. This day of nature's equipoise was later sanctioned in a proclamation written by McConnell and signed by Secretary General U Thant at the United Nations. A month later, United States senator Gaylord Nelson proposed the idea to hold a nationwide environmental teach-in on April 22, 1970, and hired a young activist, Denis Hayes, to be the national coordinator. The name "Earth Day" was coined by the advertising writer Julian Koenig. Hayes and his staff grew the event beyond the original idea for a teach-in to include the entire United States. 61723c75ec Congress and the President of the United States approved the Omnibus Parks and Public Lands Management Act of 1996 in 1996, which officially set aside the deLaveaga Dell land in Golden Gate Park as the site for the first AIDS memorial in the nation. 61723c75ec == Pre-1980s == 61723c75ec The Grove serves as an important sanctuary for people, from locals to world visitors... 61723c75ec World AIDS Day is one of the eleven official global public health campaigns marked by the World Health Organization (WHO), along with World Health Day, World Blood Donor Day, World Immunization Week, World Tuberculosis Day, World No Tobacco Day, World Malaria Day, World Hepatitis Day, World Antimicrobial Awareness Week, World Patient Safety Day and World Chagas Disease Day. 61723c75ec AIDS is no longer considered an epidemic or a public health issue in Australia, due to the success of anti-retroviral drugs and extremely low HIV-to-AIDS progression rates. 61723c75ec
