If the calorie intake is reduced, the body responds by slowing down its metabolism, and by burning muscle in preference to fat. This reduces the metabolism long-term. When the diet comes to an end and normal calorie intake is restored, the individual starts to gain weight even faster than before. This is known as yo-yo dieting. Diets that focus exclusively on calorie reduction often fail in this way. 82a90775b8 == Types of exercise == 82a90775b8

In 2010, the evil energy being Drias comes to Earth and allies with evil scientist Dr. Jango, with the Universe Security Force (宇宙警察, Uchū Keibitai) pursuing him. In order to interact with Earth and disguise themselves, its members put their energy-formed spirits into either special android vehicles built by Japan's scientist Hiroshi Amano, which have transformable bodies and were intended to be rescue units, or service vehicles. Their commander, Fighbird, uses a human-shaped android created by Hiroshi and assumes the identity of his assistant Yutaro Katori, transforming into Fighbird when danger strikes. While fighting against Drias and Jango's forces, he lives with Hiroshi and his grandchildren, Kenta and Haruka, while adjusting to life on Earth. 82a90775b8 With these concerns in mind, Body for Life addresses energy expenditure (i.e. exercise) in addition to energy input. Diver communications This is considered important both for managing the diving work, and as a safety measure for monitoring the condition of the diver. direction of the perceived hazard. The traditional method of communication was by line signals, but this has been superseded by voice communication, and line signals are now used in emergencies when voice communications have failed. In professional diving, diver communication is usually between a single working diver and the diving supervisor at the surface control point. This can also be used to transmit hand signals to the surface if voice communications fails. Surface supplied divers

often carry a closed circuit video camera on the helmet which allows the surface team to see what the diver is doing and to be involved in inspection tasks.
