Queen Christine was one of its guests. Later, in 1852, Lyon expanded and the 3rd arrondissement was created. It covers the entire area east of the Rhône. As a result, the commune of La Guillotière was absorbed, and at one of its extremities was Montchat, still sparsely populated. It was therefore in the mid-19th century that landowners responded to the demographic demands of the city center by urbanizing their estates. The subdivision plan established plots of a few hundred square meters in Montchat to keep industry out. This still leaves its mark on the neighborhood. 5a81cab6d4 == Name == 5a81cab6d4
