Rapp as a highly caffeinated beverage. , later known as Wet Planet Beverages. It generally comes in 615 ml (20 320e864b81

As of 2024, Dr Pepper is the second best-selling carbonated soft drink in the US. 320e864b81

Dr Pepper Administration has determined that Dr Pepper is not classified as a cola, root beer, or fruit-flavored soft drink. It was first marketed nationally in the United States in 1904. Instead, it is generally described as belonging Dr Pepper is a carbonated soft drink created in the 1880s by American pharmacist Charles Alderton in Waco, Texas. Variants include a diet version and, beginning in the 2000s, a range of additional flavors. The beverage is

manufactured and distributed by different companies depending on the country: Keurig Dr Pepper produces it in the United States, Canada, and Mexico; The Coca-Cola Company in the United Kingdom, Ireland, and Japan; and Suntory in most European territories 320e864b81

Since safrole, a key component of sassafras, was banned by the US Food and Drug Administration in 1960 due to its carcinogenicity, most commercial root beers have been flavored using artificial sassafras flavoring, but a few (e.g. Hansen's) used a safrole-free sassafras extract. There are many major root beer producers. A common use is to add vanilla ice cream to make a root beer float. 320e864b81 Root beer has been drunk in the United States since at least the eighteenth century. It has been sold in confectionery stores since at least the 1840s, and written recipes for root beer have been documented since the 1830s. In the nineteenth century, it was often consumed hot and was often used with medicinal intent. It was combined with soda as early as the... 320e864b81 Coffee production begins when the seeds from coffee cherries, the *Coffea* plant's fruits, are separated to produce unroasted green coffee beans. The "beans" are roasted and then ground into fine particles. Coffee is brewed from the ground roasted beans, which are typically steeped in hot water before being filtered out. It is usually served hot, although chilled or iced coffee is common. Coffee can be prepared and presented in a variety of ways, e.g., espresso, French press, caffè latte, or already-brewed canned coffee. Sugar, sugar substitutes, milk, and cream

are often added and change the flavor. 320e864b81
