Sector General The Hospital was founded to promote peace after humanity's first interstellar war, and in the fourth book the authorities conclude that its emergency services are the most effective way to make peaceful contact with new species. Fittingly does not mention Sector General, but does describe the Galactic Federation making its first contact with Earth. The series derives its name from the setting of the majority of the books, the Sector 12 General Hospital, a large hospital space station located in deep space, designed to treat a wide variety of life forms with a wide range of ailments and life-support requirements, and to house an equally diverse staff. "Tableau" also does not mention Sector General is a series of twelve science fiction novels and various short stories (1957-1999) by the Northern Irish author James White 7f8f22302c

This novel was part of the reissue of the series, with copies not always available in the original order written. This was a challenge to readers and reviewers of that time (1990-92), who did not fit this novel into its place in the sequence, suggesting each novel can be read on its own. It was praised as part of "O'Brian's superb series on the early-19th-century adventures" of Jack Aubrey and Stephen Maturin, and specifically marked as "Splendid escape. Literate and amusing.", providing... 7f8f22302c

Specialised crew members capable of providing medical care have been a feature of military vessels for at least two thousand years. The second-century Roman Navy under Emperor Hadrian included a surgeon aboard each of its triremes, with the position earning twice a regular officer's pay. 7f8f22302c Buoyed by victory over an American ship, Aubrey, Maturin and Diana Villiers speed to England on a mail packet that is chased for the papers in Maturin's hands, and possibly for Diana herself. The papers, including a copy of the official report of victory over an American ship, thus arrive in England before the originals, as the packet sailed to outrun the American chasers. Aubrey then commands HMS Ariel for a mission on the Danish coast, which ultimately leads him and Maturin once again to being prisoners of war. 7f8f22302c

General practitioner A general practitioner (GP) is a doctor who practices general medicine. GPs have distinct expertise and experience in providing whole person medical care, whilst managing the complexity, uncertainty and risk associated with the continuous care they provide. By contrast with specialist physicians, GPs do not have a specific specialist area; they can diagnose and treat many different conditions, while also determining when a patient needs to see a doctor with more specialised training in a particular area. The term primary care physician is used in the United States. GPs have distinct expertise and experience in providing whole person medical care A general practitioner (GP) is a doctor who practices general medicine. Several misdiagnoses were made before she was finally found to have celiac disease. Groopman explains that no one can expect a physician to be infallible, as medicine is an uncertain science, and every doctor sometimes makes mistakes in diagnosis and treatment. But the frequency and seriousness of those mistakes can be reduced by "understanding how a doctor thinks and how he or she can think better". 7f8f22302c
