Stunt computer-generated imagery (CGI) would make stunts unnecessary and reduce stunt performers to the status of body doubles, stunt work has increasingly been made A stunt is an unusual, difficult, dramatic physical feat that may require a special skill, performed for artistic purposes usually for a public audience, as on television or in theaters or cinema. Before computer-generated imagery special effects, these depictions were limited to the use of models, false perspective and other in-camera effects, unless the creator could find someone willing to carry them out, even such dangerous acts as jumping from car to car in motion or hanging from the edge of a skyscraper: the stunt performer or stunt double. Stunts are a feature of many action films b2bb13302

Clark Gregg reprises his role as Coulson from the film series, and is joined by principal cast members Ming-Na Wen, Brett Dalton, Chloe Bennet, Iain De Caestecker, Elizabeth Henstridge, and Nick Blood. Guest star Maya Stojan reprises her role as Agent 33, before being replaced by Wen when the character takes on the appearance of the latter's character Melinda May. This leads to the climactic fight between both of Wen's characters, realized through choreographed stunt work and CGI; the crew worked harder to meet the standards of Tancharoen following his acclaimed action work on Mortal Kombat: Legacy, including the stunt team, who had worked on that series, and the costume and set designers, who looked to accommodate the fight. b2bb13302 Canutt first broke a wild bronco when he was 11... b2bb13302
