

National Fruit Of India

== Description == 305293e20e

West India Fruit and Steamship Company The company offered six of its ferries for sale in June 1961, citing the fact that "trade had dwindled to the vanishing point" and service ceased in August 1961. The West India Fruit and Steamship Company operated a railcar ferry service between the Port of Palm Beach, Florida, and Havana, Cuba, from shortly after The West India Fruit and Steamship Company operated a railcar ferry service between the Port of Palm Beach, Florida, and Havana, Cuba, from shortly after World War II until deteriorating relations between the United States and Cuba culminated in the United States embargo against Cuba 305293e20e

Wildlife of India the existence of certain fauna and flora. Government of India established a system of national parks and protected areas in 1935, which have been subsequently India is one of the most biodiverse regions and is home to a large variety of wildlife. It is one of the 17 megadiverse countries and includes four of the world's 36 biodiversity hotspots - the Western Ghats, the Himalaya, the Nicobar Islands and the Indo-Burma hotspot 305293e20e

Air India Limited was incorporated on 30 March 2007 as the National Aviation Company of India Limited to oversee the merger of Air India and Indian Airlines. It was renamed as Air India Limited on 26 October 2010. 305293e20e Human encroachment, deforestation and poaching are significant challenges that threaten the existence of certain fauna and flora. Government of India established a system of national parks and protected areas in 1935, which have been subsequently expanded to nearly 1022 protected areas by 2023. India has enacted the Wildlife Protection Act of 1972 and special projects such as Project Tiger, Project Elephant and Project Dolphin for protection of critical species. 305293e20e traces the friendly use of the phrase old fruit (and rarely old tin of fruit) to the 1920s in Britain, possibly deriving from the phrase fruit of the womb. In the United States, however, both fruit and fruitcake are seen as negative, with fruitcake likely originating from the idiom nutty as a fruitcake 'crazy'. 305293e20e

Orange (fruit) Hybrids of the sweet orange form later types of mandarin and the grapefruit. The chloroplast genome, and therefore the maternal line, is that of pomelo. Botanically, this is the hybrid Citrus × sinensis, between the pomelo (Citrus maxima) and the mandarin orange (Citrus reticulata). The sweet orange has had its full genome sequenced. Botanically, this is the hybrid Citrus × The orange, also called sweet orange to distinguish it from the bitter orange (Citrus × aurantium), is the fruit of a tree in the family Rutaceae. to distinguish it from the bitter orange (Citrus × aurantium), is the fruit of a tree in the family Rutaceae 305293e20e

Fruit (slang) Usually used as pejoratives, the terms have also been re-appropriated as insider terms of endearment within LGBTQ communities. Dictionary of Epithets and Terms of Address author Leslie Dunkling traces the friendly use of the phrase old fruit (and rarely old tin of fruit) to the 1920s Fruit, fruity, and fruitcake, as well as its many variations, are slang or even sexual slang terms which have various origins. Many modern pop culture references within the gay nightlife like "Fruit Machine" and "Fruit Packers" have been appropriated for reclaiming usage, similar to queer. These terms have often been used derogatorily to refer to LGBTQ people 305293e20e

During its history, the WIF&SS Co. operated a total of five car ferries to Cuba very similar in design and operation to the ferries built for Great Lakes service. In addition the company operated two other vessels between the United States and

Cuba. 305293e20e == Fauna == 305293e20e In A Dictionary of Epithets and Terms of Address author Leslie Dunkling 305293e20e

The Tata Group requested approval from the CCI to merge AirAsia India and Vistara with Air India Limited in April 2022, which was granted on 14 June 2022. After the completion of Vistara's merger with Air India in 2024, Singapore... 305293e20e == List of national and official symbols == 305293e20e It only opens once in the night and its aroma attracts insects. It is self pollinating, but it can also pollinate with other plants, with bats being their biggest pollinators in their natural habitat. The formation of the fruit from pollination to harvest takes 4 to 8 weeks depending on the temperatures. 305293e20e The dragon fruit is a hardy and succulent cactus, as it is drought resistant, possessing long triangular stems. It often intertwines itself with nearby trees, taking moisture from their bark and climbs 8 to 10 metres (26 to 33 ft) from the ground without penetrating the ground. The flower of the dragon fruit is tubular and hermaphroditic due to its dehydration. 305293e20e

National symbols of India The last to be adopted as a national symbol was the national microbe, *Lactobacillus delbrueckii*, in October 2012. The State Emblem with the motto *Satyameva Jayate* was adopted later on 30 December 1947. When India obtained independence from the British Raj on 15 August 1947, the Tricolour flag officially became the first national symbol of the Dominion of India. These symbols serve as the representation of the country's The Government of India has designated official national symbols that represent the Republic of India. The Indian rupee, which was in circulation earlier, was adopted as the official legal tender after independence. These symbols serve as the representation of the country's identity. Government of India has designated official national symbols that represent the Republic of India. After India became a republic following the enactment of the Constitution, the national symbols officially came to represent the Republic of India. The National Anthem and Song were adopted two days before the Constitution of India was adopted on 26 January 1950 305293e20e

There are 107 existing national parks in India covering an area of 44,402.95 km² which is 1.35% of the geographical area of the country. In addition to the above, 75 other national parks covering an area of 16,608 km² (6,412 sq mi) are proposed in the Protected Area Network Report. The network of parks will go up 176 after full implementation of the above report. 305293e20e About 24.6% of the total land area is covered by forests. It has various ecosystems ranging from the high altitude Himalayas, tropical evergreen forests along the Western Ghats, desert in the north-west, coastal plains and mangroves along the peninsular region. India lies within the Indomalayan and palearctic realms, and is home to about 7.6% of mammal, 14.7% of amphibian, 6% of bird, 6.2% of reptilian, and 6.2% of flowering plant species. 305293e20e == History == 305293e20e

List of national parks of India In 1972, India enacted the Wildlife Protection Act and Project Tiger in 1973 to safeguard the habitats of conservation reliant species. National parks in India are International Union for Conservation of Nature (IUCN) category II protected areas. India's first national park was established National parks in India are International Union for Conservation of Nature (IUCN) category II protected areas. India's first national park was established in 1936, now known as Jim Corbett National Park, in Uttarakhand. Further legislation strengthening protection for wildlife was introduced in the 1980s. In 1970, India had only five national parks 305293e20e

== History == 305293e20e == References == 305293e20e Source: 305293e20e Air India Limited was privatized through its sale to the Tata Group. On 8 October 2021, Tata Sons paid ₹180 billion (US\$2.44 billion) to Government of India, with Tata also assuming ₹153 billion (US\$2.07 billion) of Air India Limited's debt as per the transfer deal. The remaining ₹462.62 billion (US\$6.26 billion) of Air India Limited's debt was also transferred to ALAHL. 305293e20e == State-wise List of National Parks == 305293e20e WIF&SS Co., in its role as a car ferry operator, acted as both a railroad and a steamship line. The service was described as “The Superior All-Rail Route to Cuba.” Freight from anywhere in North America could be routed to Cuban consignees “in the same cars and packaging in which it left point of origin in the United States.” This had advantages enumerated in WIF&SS Co. sales literature - reduced transit time, less handling of freight, and no repackaging. 305293e20e

Dried fruit Dried fruit has a long tradition of use dating to the fourth millennium BC in Mesopotamia, and is valued for its sweet taste, nutritional content, and long shelf life. Dried fruit is fruit from which the majority of the original water content has been removed prior to cooking or being eaten on its own. Drying may occur Dried fruit is fruit from which the majority of the original water content has been removed prior to cooking or being eaten on its own. Drying may occur either naturally, by sun, through the use of industrial dehydrators, or by freeze drying 305293e20e

The orange originated in a region encompassing Southern China, Northeast India, and Myanmar; the earliest mention of the sweet orange was in Chinese literature in 314 BC. Orange trees are widely grown in tropical and subtropical areas for their sweet fruit. The fruit of the orange tree can be eaten fresh or processed for its juice or fragrant peel. In 2024, 67 million tonnes of oranges were grown worldwide, with Brazil producing 23% of the total, followed by China and Mexico. 305293e20e The fruit is oval shaped, 10 by 6 centimetres (3.9 by 2.4 in). It presents itself from birth as green, turning yellow or red depending on the cultivar. As it develops, it grows... 305293e20e In the 21st century, dried fruit consumption is widespread worldwide. Nearly half of dried fruits sold are raisins, followed by dates, prunes, figs, apricots, peaches, apples, and pears. These are referred to as "conventional" or "traditional" dried fruits: fruits that have been dried in the sun or in commercial dryers. Many fruits, such as cranberries, blueberries, cherries, strawberries, and mango are infused with a sweetener (e.g., sucrose syrup) prior to drying. Some products sold as dried fruit, like papaya, kiwifruit and pineapple, are most often candied fruit. 305293e20e Oranges, variously understood, have featured in human culture since ancient times. They first appear in Western art in the Arnolfini Portrait by Jan van Eyck, but they had been depicted in Chinese art centuries earlier, as in Zhao Lingrang... 305293e20e == Vessels == 305293e20e

Dragon fruit Its cultivation has expanded to other regions including China, Qatar and Saudi Arabia. Dragon fruit, also called pitahaya or pitaya, is the fruit of several species in the cactus genus Selenicereus, particularly Selenicereus undatus, native Dragon fruit, also called pitahaya or pitaya, is the fruit of several species in the cactus genus Selenicereus, particularly Selenicereus undatus, native to the southern regions of Mexico and the Pacific coast of Guatemala, Costa Rica and El Salvador 305293e20e
