

How Many Languages There Are

The phrase has also been associated with the fall of Constantinople, with the assertion that scholars debated the topic while the Ottoman Empire besieged the city. In Italian, French, Spanish and Portuguese, the conundrum of useless scholarly debates is linked to a similar question of whether or not angels are sexless. In Polish, the question is about devils instead of angels. 92452aa6e2 Denominations in various modern Mixtec languages include tu'un savi [tũʔũ saβi], tu'un isasi [tũʔũ isasi] or isavi [isaβi], tu'un va'a [tũʔũ βaʔa], tnu'u ñuu savi [tnũʔũ nũʔũ saβi], tno'on dawi [tnõʔõ sawi], sasau [sasau], sahan sau [sãʔã sau], sahin... 92452aa6e2 Other languages of the area may be Karnic, but are too poorly attested to be secure. Breen (2007) writes of "Karna-Mari fringe" languages which are "a

discontinuous group of languages, mostly poorly attested, scattered between Karnic and Mari languages but not showing much connection with either or with one another. The only one well attested is also the most remote geographically, Kalkutungu". The possibilities listed but not included in Bown (2001) due to lack of materials, and included in the list in Bown (2011), are Birria (Pirriya/Bidia) [not the Biri/Birria in Maric], Pirlatapa, Kungkari (and unconfirmed Kungatutyi/Gungadidji, not the same as the Mari dialect), Karuwali (and unconfirmed Kulumali) [included under Midhaga in Dixon]. Unconfirmed names mentioned in Bown (2011) are Karangura, Mayawali, and Nhirrpi. 92452aa6e2 Voorhoeve included them in his proposed Central and South New Guinea group. As part of Central and South New Guinea, they form part of the original proposal for Trans-New Guinea. 92452aa6e2

Maric languages The well attested Maric languages are clearly related; Maric is a branch of the Pama-Nyungan family of Australian languages formerly spoken

How many angels can dance on the head of a pin? " is a metaphor for wasting time debating topics of no practical value, or on questions whose answers hold "How many angels can dance on the head of a pin. Whether medieval scholastics really discussed the topic is, however, a matter of debate. "How many angels can dance on the head of a pin. " is a metaphor for wasting time debating topics of no practical value, or on questions whose answers hold no intellectual consequence when more urgent concerns accumulate. Alternatively, it is phrased as "How many angels can stand on the point of a pin. " It is used this way in modern contexts; the phrase was originally used in a theological context by 17th-century Protestants to mock medieval scholastics such as Duns Scotus and Thomas Aquinas. The suggestion is possibly an early modern invention that was intended to discredit scholastic philosophy 92452aa6e2
