Education in India growth. Under various articles of the Indian Constitution and the Right of Children to Free and Compulsory Education Act, 2009, free and compulsory education is provided as a fundamental right to children aged 6 to 14. In India, there is a large disparity between female literacy rates in different states. Educational access and quality vary significantly based on factors such as location (urban or rural), gender, caste, language, and socioeconomic status. The state of Kerala has the highest female literacy rate of Education in India is primarily managed through the state-run public education system, which falls under the command of the government at three levels: central, state, and local 7ab30aba45

Literacy in India Literacy rate in urban areas was 90%, higher Literacy in India is a key for socio-economic progress. 9%. 6% in 2017-18. Studies have indicated that female literacy is a strong predictor of the use of contraception among married Indian couples, even when women do not otherwise have economic independence. 9%. The Census of India reported an average literacy rate of 73% in 2011, while the National Statistical Commission estimated it at 80. 2%, which was slower than the growth seen during the previous decade. Sample Survey Office in its 2023-2024 annual PLFS report stated the total literacy rate of India to be 80. Lower female literacy rates are associated with challenges in family planning and population stabilization in India. The 2011 census, indicated a 2001-2011 literacy growth of 9. The census provided a positive indication that growth in female literacy rates (11. There is a wide gender disparity in the literacy rate in India and effective literacy rates (age 7 and above) was 88% for men and 81% for women. 8%) was substantially. Literacy rate in urban areas was 90%, higher than rural areas with 77%. Meanwhile, the National Sample Survey Office in its 2023-2024 annual PLFS report stated the total literacy rate of India to be 80. At the then-current rate of progress in 1990, one study projected that universal literacy might be reached by 2060 7ab30aba45

According to legend, Salon was founded by Salivahan, the ancestor of the Bais. It was under Bhar rule for a long time, but although they were driven out by the Muslims after the murder of two Sayyids passing through, the Muslims did not make much headway here until the late 1700s, during the reign of Asaf-ud-Daula. Under the Nawabs of Awadh, Salon was the headquarters of a chakla and had a garrison of 350 soldiers, 50 of whom were stationed in the faujdars mud fort on the south side of town. 7ab30aba45 == History == 7ab30aba45 English is used as a major medium of instruction in higher... 7ab30aba45

Literacy information in ways that enable individuals to participate effectively in society and achieve goals. Since the mid-twentieth century, the term is also used more broadly to encompass identifying, understanding, interpreting, creating, communicating, and using written information in ways that enable individuals to participate effectively in society and achieve goals. The spread of literacy has been closely linked to the invention Literacy is traditionally the ability to read and write 7ab30aba45

== Definition == 7ab30aba45 The spread of literacy has been closely linked to the invention and spread of writing systems, the expansion of education, and technological change. Literacy rates have increased substantially worldwide since the mid-twentieth century, although significant disparities remain between countries, regions, and demographic groups, particularly with respect to gender and access to education. 7ab30aba45 Estimates for the number of suicides in India vary. For example, a study published in The Lancet projected 187,000 suicides in India in 2010, while official data by the Government of India claims 134,600 suicides in the same year. Similarly, for 2019, while NCRB reported India's suicide rate to be 10.4, according to WHO data, the estimated age-standardized suicide... 7ab30aba45

Prisons in India While these jails handle most long-term and short-term inmates, there are five other types of jails including for women and Borstal schools. Rajasthan has the highest number of prisons Prisons in India are mainly categorised as central, district and sub-jails. There are 1332 prisons in India as of end-2023, up from 1319 in 2021, with a total capacity to house 4,39,119 prisoners. Rajasthan has the highest number of prisons (155), while Uttar Pradesh reported the highest capacity (65,866). 1332 prisons in India as of end-2023, up from 1319 in 2021, with a total capacity to house 4,39,119 prisoners. As per the

Constitution of India, prisons fall under the State List, making their administration the responsibility of State Governments 7ab30aba45

India's contribution to global suicide deaths increased from 25. 2% increase over 2021 and a jump of 27% compared to 2018. 4 in 2022 which is the highest year for this data. In 2016, suicide was the most common cause of death in India in both the age groups of 15-29 years and 15-39 years. 7% to 24. 171,000 suicides were recorded in the country in 2022, registering a 4. Suicides during 2022 increased by 27% in comparison to 2018 with India reporting the highest number of suicides in the world. in India. The rate of Suicide is a major national public health issue in India. 3% in 1990 to 36 7ab30aba45

Gender inequalities, and their social causes, impact India's sex ratio, women's health over their lifetimes, their educational attainment, and even their economic conditions. It also prevents the institution of equal rape laws for men. Gender inequality in India is a multifaceted issue that primarily concerns women, but also affects men. When India's population is examined as a whole, women are at a disadvantage in several important ways. Although the constitution of India grants men and women equal rights in theory, gender disparities remain. 7ab30aba45 Issues including grade inflation, corruption, fraudulent institutions, and poor employment prospects frequently affect students in India. Half of all graduates in India are considered unemployable. It has also been argued that this system has been associated with an emphasis on rote learning and external perspectives. 7ab30aba45 In 2023, the total number of prisoners nationwide was 5,30,333. 73.5% of all prisoners were undertrials, 25.6% were convicts, while 0.7% were detenues (detainees). 7ab30aba45 The male-to-female suicide ratio in 2021 was 72.5 : 27.4. 7ab30aba45 The table below gives the population density (population per square kilometre) of Punjab throughout the years. 7ab30aba45 Because literacy is fundamental to education, economic participation, and civic life, it has been the subject of extensive interdisciplinary research, and its definition and measurement remain the subject of scholarly and policy debate. 7ab30aba45 As of 2011, Salon had a population of 14,757, in 2,130 households. 7ab30aba45

Salon, India 54%. Originally it was also the headquarters of the entire district, but they were moved after the Indian Rebellion of 1857. To the east is a large jhil. According to the 2011 census, Salon had a Salon is a town and nagar panchayat in Raebareli district in the Indian state of Uttar Pradesh. It is located a bit to the south of the Sai river, at the junction of the Raebareli-Pratapgarh and Jais-Khaga roads. It serves as the headquarters of a tehsil as well as a community development block. Salon had an average literacy rate of 49. In Salon, 17% of the population were under 6 years of age. Other roads lead to Dalmau, Manikpur, and Kunda. 70% 7ab30aba45
