The Story of My Experiments with Truth It was initiated at the insistence of Swami Anand and other close co-workers of Gandhi, who encouraged him to explain the background of his public campaigns. It was written in weekly installments and published in his journal Navjivan from 1925 to 1929. 'Experiments of Truth or Autobiography') is the autobiography of Mahatma Gandhi, covering his life from early childhood through to 1921. While working as a companion for Lord Shelburne, Priestley had a great deal of free time to engage in scientific investigations. The Earl even set up a laboratory for him. Priestley's experiments during his years in Calne were almost entirely confined to "airs" and from this work emerged his most important scientific texts: the six volumes of *Experiments and Observations on Different Kinds of Air*. These experiments helped repudiate the last vestiges of the theory of four elements; as one early biographer writes: "taken collectively, [Priestley] did more than those of any one of his contemporaries to uproot and destroy the only generalisation by which his immediate predecessors had sought to group and connect the phenomena of chemistry", however "he was wholly unable to perceive this fact." Priestley's work on "airs" is not easily classified. The album debuted at number one in the UK Albums Chart, selling 136,000 copies, going Gold in the first week. It sold well in the United Kingdom, Europe and Asia, and represented a change in the sound from the furious alternative rock sound to a more melodic and tender approach. By March 1999 the album was Triple Platinum in the UK alone and since its release it has sold more than five million copies worldwide. It earned the band further nominations and accolades at the BRIT Awards in 1999. This is their first album whose lyrics were solely written by bassist Nicky Wire; and not featured any contribution from the late rhythm guitarist Richey Edwards. 34d24343b8 == Biography == 34d24343b8
