

How To Delete Duplicate Records In Excel

Year 2000 problem 1985 as 85, making the year 2000 indistinguishable from 1900. g. In Connecticut, in early January the Connecticut Department of Motor Vehicles sent duplicate motor vehicle tax bills for vehicles The Year 2000 problem (Y2K) was the potential for computer errors on the Gregorian calendar related to the formatting and storage of calendar data for dates in and after the year 2000. Many programs represented four-digit years with only the final two digits, e. functionality within two days. Computer systems' inability to distinguish dates correctly had the potential to bring down worldwide infrastructures for computer-reliant industries 5c2a25101b

Python (programming language) Python supports multiple programming paradigms but with an emphasis on object-oriented programming and dynamic typing. same way delete in languages such as C++ does, where such a word is used to call the destructor and deallocate heap memory. Also known as PEP to describe Python is a high-level, general-purpose programming language that emphasizes code readability, simplicity, and ease-of-writing with the use of significant indentation, an extensive ("batteries-included") standard library, and garbage collection 5c2a25101b

It was the subject of extensive attention following the election, in which incumbent... 5c2a25101b Contrary to published expectations, few major errors occurred in 2000. Supporters of the Y2K remediation effort argued that that was primarily due to the pre-emptive action of many computer programmers and information technology experts. Companies... 5c2a25101b

Baahubali 2: The Conclusion Within India, it set numerous records, becoming the highest-grossing film in Hindi, as well as in its original Baahubali 2: The Conclusion is a 2017 Indian Telugu-language epic action drama film directed by S. It is the sequel to Baahubali: The Beginning, as well as the final installment in the Baahubali film duology. Vijayendra Prasad. Indian film to gross over ₹1,000 crore. Rajamouli, who co-wrote the script with V. It was produced by Shobu Yarlagadda and Prasad Devineni under the banner Arka Media Works. The film is set in fictional medieval India and centers on the rivalry between siblings Amarendra Baahubali and Bhallaladeva. The film was primarily shot in Telugu, with a limited number of close-up scenes also filmed in Tamil for select actors. Bhallaladeva conspires against Amarendra, leading to his death at the hands of Kattappa. Years later, Amarendra's son (Mahendra or Sivudu) seeks to avenge his father's demise. The cast includes Prabhas in a dual and titular role, alongside Rana Daggubati, Anushka Shetty, Tamannaah Bhatia, Ramya Krishna, Sathyaraj, Nassar and Subbaraju. S 5c2a25101b

The film was produced on an estimated budget of ₹250 crore, making it the most expensive Indian film at the time of its release. Production began on 17 December 2015 at Ramoji Film City in Hyderabad. The cinematography was handled by K. K. Senthil Kumar... 5c2a25101b Originally, the term "radio" only included transmissions freely received over-the-air, such as the AM and FM bands, now commonly called "terrestrial radio". However, the term has evolved to more broadly refer to streaming audio services in general, including subscription satellite, and cable and Internet radio. 5c2a25101b == History == 5c2a25101b Based in Toronto, Ontario, where it was founded, and Denver, Colorado, it developed software in offices in the United States, Canada, and Serbia. Dominion produced electronic voting machines, which allowed

voters to cast their votes electronically, and optical scanning devices used to tabulate paper ballots. 5c2a25101b In 2025, Scott Leindecker purchased the company under a new company called Liberty Vote. 5c2a25101b

Windows key On Windows 95, it was used to open the start menu, and subsequently became standard on PC keyboards. PC screen only, Duplicate, Extend, Second screen only and Connect to a wireless display Win+⇧ Shift+S Opens Snip & Sketch tool to capture screen selection The Windows key (also known as the win, start, logo, flag or super key) is a computer keyboard key originally introduced on Microsoft's Natural Keyboard in 1994. In Microsoft Windows, Ctrl+Esc performs the same function, for keyboards which lack the key 5c2a25101b

At the top of the presented search results is often a sponsored result section reflecting results sponsored by advertising revenue. Many search results are also prefixed by an AI overview response to the search query. The order of search results returned by Google is based, in part, on a priority rank system called PageRank which was originally developed in 1996 by Larry Page, Sergey Brin, and Scott Hassan. As of mid-2016, Google's search engine has begun to rely on deep neural networks. 5c2a25101b == Company == 5c2a25101b

Joe Rogan He hosts The Joe Rogan Experience, which is one of the most popular podcasts in the world and has been the most streamed podcast on Spotify since 2020. (born August 11, 1967) is an American podcaster, sports commentator, comedian, actor, and former television host. "Martial arts were the first thing that ever gave me hope that I wasn't going to be a loser. It was a big deal for me. and that I could excel at it. So Joseph James Rogan Jr 5c2a25101b

In modern spreadsheet applications, several spreadsheets, often known as "worksheets" or simply "sheets", are gathered together to form a "workbook". A workbook is physically represented by a file containing all the data for the book, the sheets, and the cells with the sheets. Worksheets are normally represented by tabs that flip between pages, each one containing one of the sheets, although Numbers changes this model significantly. Cells in a multi-sheet book add the sheet name to their reference, for instance, "Sheet 1!C10". Some systems extend this syntax to allow cell references to different workbooks. 5c2a25101b In August 2024, the United States District Court for the District of Columbia ruled that Google held an illegal monopoly over Internet search and search advertising. The court found that Google maintained its market... 5c2a25101b Python is widely taught as an introductory programming language. 5c2a25101b == History and usage == 5c2a25101b Rogan was born in Newark, New Jersey, and began his career in comedy in 1988 in the Boston area. After relocating to Los Angeles in 1994, he signed an exclusive developmental deal with Disney and appeared as an actor on several television shows, including Hardball and NewsRadio. In 1997, he started working for the UFC as an interviewer and color commentator. He released his first comedy special, I'm Gonna Be Dead Someday..., in 2000 and hosted the game show Fear Factor from 2001 to 2006. 5c2a25101b

Radio in the United States During the Golden Age of Radio it had a major cultural and financial impact on the country.) Beginning in 1965, the Commission began to limit the amount of programming duplication permitted between AM and FM stations in larger Radio broadcasting has been used in the United States since the early 1920s to distribute news and entertainment to a national audience. radios in the same room. S. In 1923, one percent of U. However, the rise of television broadcasting in the 1950s relegated radio to a secondary status, as much of its programming and audience shifted to the new "sight joined with sound" service. It was the first

electronic "mass medium" technology, and its introduction, along with the subsequent development of sound films, ended the print monopoly of mass media. households owned at least one radio receiver, while a majority did by 1931 and 75 percent did by 1937 5c2a25101b

After leaving Fear Factor, Rogan focused on his stand-up career and hosted more comedy specials. He launched The Joe Rogan Experience in 2009; by 2015, it was one of the most popular podcasts in the world, regularly receiving millions of plays per episode. Spotify obtained exclusive distribution rights to The Joe Rogan Experience in 2020 for \$200 million. Rogan's audience has since grown significantly, and in 2024,... 5c2a25101b Windows 95 required the key to be on a keyboard to qualify for the addition of the "Designed for Windows" logo, and used it to open the Start menu. The key was soon added by virtually all desktop keyboard manufacturers. The first laptop to bear the Windows... 5c2a25101b JET stands for Joint Engine Technology. Microsoft Access and Visual Basic use or have used Jet as their underlying database engine. However, it has been superseded for general use, first by Microsoft Desktop Engine (MSDE), then later by SQL Server Express. For larger database needs, Jet databases can be upgraded (or, in Microsoft parlance, "up-sized") to Microsoft's flagship SQL Server database product. 5c2a25101b

Spreadsheet A1 In a spreadsheet, references to cells automatically update when new rows or columns are inserted or deleted. Care must be taken, A spreadsheet is a computer application for computation, organization, analysis and storage of data in tabular form. The program operates on data entered in cells of a table. Spreadsheets were developed as computerized analogs of paper accounting worksheets. Each cell may contain either numeric or text data, or the results of formulas that automatically calculate and display a value based on the contents of other cells. The term spreadsheet may also refer to one such electronic document. spreadsheets\[main sheet]Sheet1 5c2a25101b

The addition of two Windows keys and a menu key marked a change from the traditional 101 or 102-key keyboard to a 104- or 105-key layout for PC keyboards. One Windows key was placed between the left Ctrl and the left Alt and another, along with a menu key, was placed between the right Alt (or AltGr) and the right Ctrl key. 5c2a25101b == Overview == 5c2a25101b

Access Database Engine In Jet 4, the record locking model eliminates The Access Database Engine (also Office Access Connectivity Engine or ACE and formerly Microsoft Jet Database Engine, Microsoft JET Engine or simply Jet) is a database engine on which several Microsoft products have been built. collaterally locked records, even though no user is accessing them and there is no need for them to be locked. The first version of Jet was developed in 1992, consisting of three modules which could be used to manipulate a database 5c2a25101b

Dominion products had been increasingly used in the United States. In the 2020 United States presidential election, equipment manufactured by Dominion was used to process votes in twenty-eight states, including the swing states of Wisconsin and Georgia. 5c2a25101b

Dominion Voting Systems been compromised, supposedly resulting in millions of votes intended for Trump either being deleted or going to rival Joe Biden. Within days after the Dominion Voting Systems Corporation was a North American company that produced and sold electronic voting hardware and software, including voting machines and tabulating machines, in Canada and the United States 5c2a25101b

In the years leading up to the turn of the millennium, the public gradually became aware of the "Y2K scare", and individual companies predicted the global damage caused by the bug would require anything between \$400 billion and \$600 billion to rectify. A lack of clarity regarding the potential dangers of the bug led some to stock up on food, water, and firearms, purchase backup generators, and withdraw large sums of money in anticipation of a computer-induced apocalypse. 5c2a25101b Its voting machines have been used in countries around the world, primarily in Canada and the United States. Dominion systems were employed in Canada's major party leadership elections, and across the nation in local and municipal elections. 5c2a25101b

Google Search Wired. It is the most-visited website in the world; and as of 2025, it has a 90% share of the global search engine market. It uses algorithms to analyze and rank websites based on their relevance to the query and uses generative AI to respond to queries with non-search responses. Caddy, Becca (March 20, 2017). It allows users to search or ask for information by entering keywords or phrases on a website page or in an installed application program. "Google tracks everything you do: here's how to delete it". Archived from the original on March 24, 2017. Retrieved Google Search (also known simply as Google) is a search engine operated by Google 5c2a25101b

The Windows key was introduced with Microsoft's Natural Keyboard in 1994. The key was predated by the ⌘ Command key on Apple computers in the 1980s, and before that by the Super (or Meta) key on Lisp/Unix workstation computers in the 1970s. 5c2a25101b Spreadsheet users can adjust any stored value and observe the effects on calculated values. This... 5c2a25101b Guido van Rossum began working on Python in the late 1980s as a successor to the ABC programming language. Python 3.0, released in 2008, was a major revision and not completely backward-compatible with earlier versions. Beginning with Python 3.5, capabilities and keywords for typing were added to the language, allowing optional static typing. As of 2026, the Python Software Foundation supports Python 3.10, 3.11, 3.12, 3.13, and 3.14, following the project's annual release cycle and five-year support policy. Python 3.15.0rc1 (which defaults to UTF-8) is out in preview, and the stable release is expected to launch in October 2026. Earlier versions in the 3.x series have reached end-of-life and no longer receive security updates. 5c2a25101b == Architecture == 5c2a25101b
