There are roughly 1.5 to 2 million people of Haitian ancestry living outside Haiti, mainly due to chronic economic issues, gang violence and political crises. 36e346cd01 By 24 January, at least 52 aftershocks measuring 4.5 or greater had been recorded. An

estimated three million people were affected by the quake. Death toll estimates range from 100,000 to about 160,000; the Haitian government estimated the death toll to range from 220,000 to 316,000, although these figures are a matter of some dispute. The earthquake is the deadliest natural disaster of the 21st century for a single country. The government of Haiti estimated that 250,000 residences and 30,000 commercial buildings had collapsed or were severely damaged. Haiti's history of national debt, prejudicial trade policies by other countries, and foreign intervention into national affairs contributed to the existing poverty and poor housing conditions that increased the death toll from the disaster. 36e346cd01 Established in 1789 as the first administrative arm of the U.S. executive branch, the State Department is considered among the most powerful and prestigious executive agencies. Tourism in Haiti In December 2012, the US State Department issued a travel warning about the country, noting Tourism in Haiti is an industry that generated just under a million arrivals in 2012, and is typically one of the main sources of revenue for the nation. However, unstable governments have long contested its history and the country's economic development throughout the 20th century. With its favorable

climate, second-longest coastline of beaches, and most mountainous ranges in the Caribbean, waterfalls, caves, colonial architecture and distinct cultural history, Haiti has had its history as an attractive destination for tourists. the industry generated US\$200 million (mostly from cruise ships) 36e346cd01
