== Technology == e1e016a160 Phone novels started out primarily read and authored by young women on the subject of romantic fiction such as relationships, lovers, rape, love triangles, and pregnancy. However, mobile phone novels gained worldwide popularity on broader subjects. Rather than appearing in printed form, the literature was typically sent directly to the reader via email, SMS text message, or subscription through an online writing and sharing website, chapter by chapter. Japanese Internet ethos regarding mobile phone novels is dominated by pen names and forged identities. Therefore, identities of the Japanese authors of mobile phone novels are rarely disclosed. e1e016a160
