Pan-pan This is referred to as a state of "urgency". Radioing "pan-pan" informs potential rescuers (including emergency services and other craft in the area) that an urgent problem exists, whereas "mayday" calls on them to drop all other activities and immediately begin a rescue. The radiotelephony message PAN-PAN is the international standard distress signal that someone aboard a boat, ship, aircraft, or other vehicle uses to declare The radiotelephony message PAN-PAN is the international standard distress signal that someone aboard a boat, ship, aircraft, or other vehicle uses to declare that they need help and that the situation is urgent, but for the time being, does not pose an immediate danger to anyone's life or to the vessel itself. This is distinct from a mayday call, which means that there is imminent danger to life or to the continued viability of the vessel itself

Betel, a leaf of a vine belonging to the family Piperaceae; from Portuguese betel, which probably comes from Malayalam vettila (വെട്ടില) or Tamil vettrilai (வெட்ரிலை) meaning "bare leaf". It is used to signal a life-threatening emergency primarily by aviators and mariners, but in some countries local organizations such as firefighters, police forces, and transportation organizations also use the term. Convention requires the word be repeated three times in a row during the initial emergency declaration ("Mayday, mayday, mayday"). It was first published in Angles and Britons in 1963 and was republished in The Monsters and the Critics, and Other Essays in 1983.

Critics have linked the helplessness of these women to societal views that women as a group need to be taken care of by men and treated nicely. Throughout the history of the trope, the role of the woman as the victim in need of a male savior has remained constant, but her attackers have changed to suit the tastes and collective fears of the period: "monsters, mad scientists, Nazis, hippies, bikers, aliens, etc."

Glossary of French words and expressions in English "let do"; often used within the context of economic policy or political philosophy, meaning leaving alone, Many words in the English vocabulary are of French origin ("gallicism"s). Most of them are coming from the Anglo-Norman spoken by the upper classes in England for several hundred years after the Norman Conquest, before the language settled into what became Modern English. laissez-faire lit. English words of French origin, such as art, competition, force, money, and table are pronounced according to English rules of phonology, rather than French, and English speakers commonly use them without any awareness of their French origin. accompanied by emotional distress

from Sanskrit आर्य ārya, "which means noble; arya also means health. Noun of Arya is Aryana healthy, noble one" though it originally stems from the Proto-Indo-Iranian autonym *áryas. First attested in English in 1839, it was likely coined as a loan from earlier scholars in Europe writing in German and French who in turn borrowed directly from Sanskrit. Bamboo, type of tropical grass; from Malayo-Polynesian samambu via Dutch bamboe and/or Portuguese bambu, probably borrowed from Kannada bambu (ಬಾಂಬು). This article covers French words and phrases that have entered the English lexicon without ever losing their character as Gallicisms: they remain unmistakably "French" to an English speaker. They are most common in written English, where they retain French diacritics and are usually printed in italics. In spoken English, at least some attempt is generally made to pronounce them as they would sound in French. An entirely English pronunciation is regarded as a solecism. The phrase itself does sacrifice grammatical accuracy (meaning literally "to help me") in favour of communicability and recognition. Looking through the lens of French grammar, it may be a short form of venez m'aider, "come help me"... through Dhivehi : possibly from... The word damsel derives from the French demoiselle, meaning 'young lady', and the term damsel in distress in turn is a translation of the French demoiselle en détresse. It is an archaic term not used in modern English except for effect or in expressions such as this. It can be traced back to the knight-errant of Medieval... The "mayday" procedure word was conceived as a distress call in the early 1920s by Frederick Stanley Mockford, officer-in-charge of radio at Croydon Airport, England. He had been asked to think of a word that would indicate distress and would easily be understood by all pilots and ground staff in an emergency. Since much of the air traffic at the time was between Croydon and Le Bourget Airport in Paris, he proposed the term "mayday", the phonetic equivalent of the French m'aider.
