Caesar was stabbed.
In the 1980s, linguists first noted a distinctive chain shift of vowel sounds, the California Vowel Shift, used by young people in southern California and the San Francisco Bay Area of northern California. This helped to define an accent emerging primarily among youthful, white, urban, coastal speakers, and popularly associated with the valley girl and surfer youth subcultures. The possibility that this is, in fact, an age-specific variety of English is one hypothesis; however, certain features of this accent...

Noun of Arya is Aryana healthy, noble one" though it originally stems from the Proto-Indo-Iranian autonym *áryas. First attested in English in 1839, it was likely coined as a loan from earlier scholars in Europe writing in German and French who in turn borrowed directly from Sanskrit. fdf039bfe5 As California became more diverse, English speakers from a wide variety of backgrounds began to pick up different linguistic elements from one another and also developed new ones; the result is both divergence and convergence within California English. Overall, linguists who studied English around World War II tended to find few, if any, patterns unique to the state. Studies in the 1950s and 1960s largely only commented on the increasingly common cot-caught merger within the state. fdf039bfe5 Betel, a leaf of a vine belonging to the family Piperaceae; from Portuguese betel, which probably comes from Malayalam vettila (വെട്ടില) or Tamil vettrilai (வெட்டிலை) meaning "bare leaf". fdf039bfe5 Idioms should not be confused with other figures of speech such as metaphors, which evoke an image by use of implicit comparisons
