Middle Eastern studies In this sense Middle Eastern studies is a far broader and less traditional field than classical Islamic studies. Middle Eastern studies, sometimes referred to as Near Eastern studies, West Asian studies, or Southwestern Asian studies, is a name given to a number of Middle Eastern studies, sometimes referred to as Near Eastern studies, West Asian studies, or Southwestern Asian studies, is a name given to a number of academic programs associated with the study of the history, culture, politics, economies, and geography of the Middle East, an area that is generally interpreted to cover a range of nations including Egypt, Iran, Iraq, Israel, Jordan, Lebanon, Oman, Palestine, Saudi

Arabia, Syria, Turkey, and Yemen. It is considered a form of area studies, taking an overtly interdisciplinary approach to the study of a region

Some critics have accused MESA of politicization and being dominated by academics critical of Israel and the United States. In 2007, the Association for the Study of the Middle East and Africa was founded as an ideological counterweight to MESA. Today, the bulk of Middle Eastern countries (13 out of 18) are part of the Arab world. The three most populous Middle Eastern countries are Egypt, Iran, and Turkey, while Saudi Arabia is the largest Middle Eastern country by area. Arabs are the most widespread ethnic group in the region, followed by... Past presidents of the organisation include:

Middle East Unlike West Asia's adherence to continental boundaries, the Middle East is demarcated by following political borders. Since the early 20th century, the term "Middle

East" has grown increasingly prominent in international discourse, although it is often prone to causing confusion or disagreement on account of vague and changing definitions of what countries and regions it spans. It roughly corresponds with what was historically referred to in Western Europe as the Near East, which was juxtaposed with the Far East. The related terms "Middle East and North Africa" and "Greater Middle East" denote other existing concepts of the region that involve extending the "Middle East" to incorporate most Muslim-majority countries. portal Cinema of the Middle East Etiquette in the Middle East Mental health in the Middle East Middle East Studies Association of North America – Learned The Middle East is a geopolitical region that is generally defined as encompassing all of West Asia except for the Caucasus and including African Egypt and European Turkey 92d8afa928

The Association for the Study of the Middle East and Africa (ASMEA) was founded on October 24, 2007 by Bernard Lewis of Princeton University and Fouad Ajami of the Hoover Institution as a counter to the Middle East Studies Association of North America (MESA), which they regarded to have become "dominated by academics who have been critical of Israel and of America's role in the Middle East." Lewis and Ajami also cited the increasing politicization of Middle East studies. According to ASMEA's executive director Asaf Romirowsky, ASMEA was formed to counter MESA and its perceived "pro-Palestinian element". 92d8afa928 The AIS publishes a quarterly journal, *Iranian Studies*.
