Cocoa beans are the processed seeds of the cacao tree (*Theobroma cacao*). They are usually fermented to develop the flavor, then dried, cleaned, and roasted. The shell is removed to reveal nibs, which are ground to chocolate liquor (unadulterated chocolate in rough form.) The liquor can be further processed into cocoa butter and cocoa powder, or shaped and sold as unsweetened baking chocolate. By adding sugar, sweetened chocolates are produced, which can be sold simply as dark chocolate, or, with the addition of milk, can be made into milk chocolate. Making chocolate with only cocoa butter and milk produces white chocolate. cc42e7073e

Of the three traditional types of chocolate (the others being milk and dark), white chocolate is the least popular. Its taste and texture are divisive: admirers praise its texture as creamy, while detractors criticize its flavor as cloying and bland. White chocolate is sold in a variety of forms, including bars, chips, and coatings for nuts. It is common for manufacturers to pair white chocolate with other flavors, such as matcha or berries. White chocolate has a shorter shelf life than milk and dark chocolate, and easily picks up odors from the environment. cc42e7073e == Musical career == cc42e7073e "Into Temptation" (live in Sheffield, U.K. 21 June 1992) cc42e7073e The show was initially broadcast as an ongoing series of 60-minute episodes in 2006 and 2007.
