This facial hair style is popular among followers of certain sects of Islam, particularly Salafi and Wahhabi Sunnis, as they believe it is how the Islamic prophet Muhammad wore his beard. This is based on an interpretation of a hadith compiled by Muhammad al-Bukhari, "Cut the mustaches short and leave the beard". This interpretation is not universally accepted among Muslims; even among those who accept the hadith as encouraging beard-wearing, they dispute the necessity of shaving the mustache completely rather than trimming it short, or of keeping the beard long rather than trimmed. e76b42d30f On the face of it, the campaign is semi-humorous, with its outwardly frivolous aims, its occasionally outlandish claims of discrimination and conspiracy, and its founder, who is also the spokesman for the Campaign for Real Conkers. However, the organisation has drawn attention to more serious issues, having spoken out against, among other incidents, the suspension of a fireman for refusing to shave off his goatee and the banning of beards among ExxonMobil oil workers (in both cases employers claimed that beards interfered with breathing apparatus). Flett believes that an issue of "real discrimination" exists against men with beards. Attitudes toward beards have varied across history, shaped by cultural traditions and fashion trends. Several religions require or encourage the wearing of beards, and some societies have associated them with masculinity, virility, virtue, beauty, wisdom, strength, fertility, sexual prowess, and high social status. In contrast, in cultures where beards are uncommon or unfashionable, they may be linked with poor hygiene or eccentricity. Beards can also provide environmental benefits, including protection from cold weather and sun exposure. e76b42d30f The beard develops in human males during puberty. Beard growth is linked to stimulation of hair follicles in the area by dihydrotestosterone, which continues to affect beard growth after puberty. Dihydrotestosterone also promotes balding. Dihydrotestosterone is produced from testosterone, the levels of which vary with season. Beard growth rate is also genetic. e76b42d30f In the United States, this beard style is common among married Amish men. Male members of the sect generally grow a beard after baptism, but shave the mustache off. e76b42d30f
