Week It is the standard calendrical period between a day and a month in most parts of the world. There are just over 52 weeks in a year, or on average 4+1/3 weeks in a month. There are just over 52 weeks in a year, or on average 4+1/3 weeks in a month. Certain weeks within a year may be designated for a particular purpose, such as Golden Week in China and Japan. The days of the week are often used to set work days, rest days, and holy days. The days of the week are often A week (in the Western and international context) is a unit of time equal to seven days. The term "week" is also used to refer to a sub-section of the week, such as the workweek and weekend. More informally, certain groups may advocate awareness weeks, such as National Family Week in Canada, which are designed to draw attention to a certain subject or cause. day and a month in most parts of the world

Some ancient and traditional cultures have or had different week lengths, including ten days in Egypt, an eight-day week for Etruscans and ancient Romans, and four- or five-day weeks between market days in modern West Africa. (See also the Japanese ten-day jun, used alongside the 7-day week.) The Romans later switched to a seven-day week. This was originally a so-called planetary or astrological week, a cycle of disputed origins that named each day after a classical planet... Despite competing for the Academy Award for Best Foreign Language Film, 4 Months, 3 Weeks and 2 Days was not shortlisted, creating controversy among critics and online film fans, as it had won the Palme d'Or. The controversy caused an Academy member to pledge nomination reform, though the category had often sparked criticism. Mungiu later said the omission and subsequent furor brought the picture substantial publicity, and that the experience taught him that critics... It was supported by the singles "Bounce", "Feel So Close", "Let's Go", "We'll Be Coming Back", "Sweet Nothing", "Drinking from the Bottle", "I Need Your Love" and "Thinking About You", all of which, along with "We Found Love" as a featured artist, led by Rihanna, reached the top 10 of the UK Singles Chart, making 18 Months the first album in history to spawn nine top-10 singles. "Let's Go" and "Sweet Nothing" were nominated for Best Dance Recording at the 55th and 56th Grammy Awards, respectively. Mungiu and cinematographer Oleg Mutu shot it in Bucharest and other Romanian locations in 2006. After making its world premiere at Cannes, 4 Months, 3 Weeks and 2 Days made its Romanian debut on 1 June 2007, at the Transilvania International Film Festival. It opened to critical acclaim, and was noted for its minimalism and intense themes. In Shona, Middle Eastern, and European traditions, the month starts when the young crescent moon first becomes visible, at evening, after conjunction with the Sun one or two days before that evening (e.g., in the Islamic calendar). In ancient Egypt, the lunar month began on the day when the waning moon could no longer be seen just before sunrise. Others run from full moon to full moon.
