She was an actress, lecturer, clairvoyant and palmist. Her stage name was Grace Courtland. She claimed unusual powers to predict the future. So many of her predictions of Wall Street stocks came true that James R. Keene nicknamed her the "Witch of Wall Street." She was well-known in the United States and England in the late 19th century. When the Anna and her husband, Dan, purchased the island in 1886 from the Davis family, they began calling it Witch Island. Different characters of the same name appeared in several studios' short films throughout the golden age of American animation: the first was in the Disney cartoon Trick or Treat (1952), voiced by June Foray. Toner (skin care) In the late 1960s, toners became more popular as the 'cleanse, tone In cosmetics, a skin toner or simply a toner refers to a water-based lotion, tonic, or wash designed to cleanse the skin and prepare it for other skincare products, such as moisturizers and serums. Typically used on the face, toners remove any remaining impurities after cleansing, balance the skin's pH, and hydrate the skin. primarily formulated with astringent ingredients, such as alcohol and witch hazel. They also serve to protect and refresh the skin, often containing ingredients that can soothe, moisturize, exfoliate, or target specific skin concerns like oil control or pore minimization. Toners are typically categorized by their function and intensity into types such as skin bracers, tonics, acid toners, and astringents 4521efcb5b

The use of toners in skincare emerged in the early 20th century as a response to the limitations of harsh, alkaline, soap-based facial cleansers. These early cleansers, while effective in removing dirt and oil, were often harsh on the skin. They could disrupt the skin's natural pH balance, leaving behind a scum or residue that made the skin feel dry and irritated. Toners were developed as a solution aimed at restoring

the skin's natural acidity. Initially, they were primarily formulated with astringent ingredients...
