The system is a thirteen-point checklist that uses true-or-false statements: when five or fewer items on the checklist are false, the nominee of the incumbent party is predicted to win the election, but when six or more items on the checklist are false, the nominee of the challenging party is predicted to win. Some of the items on the checklist involve qualitative judgment, and therefore the system relies heavily on the knowledge and analytical skill of whoever attempts to apply it. 2229f4fc40 == History == 2229f4fc40
