After clearing my cache, when I click on it I get a "403 Forbidden You don't have permission to access /security/computer_security/papers/otp-faq/otp.jpg on this server." message from the off-site web server. However, if I copy and paste the link directly into my browser's address bar — http://www.ranum.com/security/computer_security/papers/otp-faq/otp.jpg — the image appears without a problem. This is not just me either, judging by the anon's who've been removing the link from the article claiming it to be broken.
