The journey west usually took between four and six months, but the Donner Party was slowed after electing to follow a new route called the Hastings Cutoff, which bypassed established trails and instead crossed the Rocky Mountains'

Wasatch Range and the Great Salt Lake Desert in present-day Utah. The desolate and rugged terrain, and the difficulties they later encountered while traveling along the Humboldt River in present-day Nevada, resulted in the loss of many cattle and wagons, and divisions soon formed within the group.

In the 1960s, the party expanded its membership and influence. By the early 1970s, it had become one of the largest communist movements in mainland Southeast Asia, following the success of Vietnam. The CPT launched a guerrilla insurgency against the Thai government in 1965. At its peak, the party operated semi-autonomously in rural areas, with an estimated 10 to 12,000 armed fighters and a significant network of sympathizers, possibly numbering in the millions. Its influence was concentrated in northeastern, northern, and southern Thailand. The CPT declined following a combination of internal divisions, changes in international communist alliances, effective counter-insurgency campaigns by the Thai government (including amnesty programs for party cadres), and the end of the Cold War. By the early 1990s, the party had largely ceased to exist as an organized political force. d3ad9465c4

party constellations within a multi-party system (particularly under presidential systems of governance), and as such differ from states under a one-party system, which are intricately organized around a specific party. Sometimes the term "de facto one-party state" is used to describe dominant-party systems which, unlike a one-party system, allows (at least nominally) democratic multiparty elections, but the existing practices or balance of political power effectively prevent the opposition from winning power, thus resembling a one-party state. Under Turati's leadership, the party was a frequent ally of the Italian Republican Party and the Italian Radical Party at the parliamentary level, while later it entered into dialogue with the

remnants of the Historical Left and the Liberal Union during Giovanni Giolitti's governments to ensure representation for the labour movement and the working class. Founded in Genoa in 1892, the PSI was from the beginning a big tent of Italy's political left and socialism, ranging from the revolutionary socialism of Andrea Costa to the Marxist-inspired reformist socialism of Filippo Turati and the anarchism of Anna Kuliscioff. In the 1900s and 1910s, the PSI achieved significant electoral success, becoming Italy's first party in 1919 and during the country's Biennio Rosso in 1921, when it was the target of violent paramilitary activities from the far right, and was not able to move the country in the revolutionary direction it wanted d3ad9465c4
