The company was founded in 1999 through the merger of the Swedish Astra AB and the British Zeneca Group (itself formed by the demerger of the pharmaceutical operations of Imperial Chemical Industries in 1993). Zeneca shareholders received 53.5% of the shares, while Astra shareholders received the remaining 46.5%. Its portfolio includes primary and speciality care, coverage for rare diseases, and a robust global presence across various regions. Since the merger it has been among the world's largest pharmaceutical companies and has made numerous corporate acquisitions, including Cambridge Antibody Technology (in 2006), MedImmune (in 2007), Spirogen (in 2013) and Definiens (by MedImmune in 2014). It has its research and development concentrated in three strategic centres: Cambridge, England; Gothenburg, Sweden; and Gaithersburg, Maryland, US... ec066cbadc

By 2007, Dr. Reddy... ec066cbadc Dr. Reddy's began as a supplier to Indian drug manufacturers, but it soon started exporting to less-regulated markets that had the advantage of not having to spend time and money on a manufacturing plant that would gain approval from a drug licensing body such as the U.S. Food and Drug Administration (FDA). By the early 1990s, the expanded scale and profitability from these unregulated markets enabled the company to begin focusing on getting approval from drug regulators for their formulations and bulk drug manufacturing plants - in more-developed economies. This allowed their movement into regulated markets such as the US and Europe. ec066cbadc
