Mysteries of Osiris The course of the ceremonies is attested by various written sources, but the most important document is the Ritual of the Mysteries of Osiris in the Month of Khoiak, a compilation of Middle Kingdom texts engraved during the Ptolemaic period in an upper chapel of the Temple of Dendera. Harrassowitz. Every night, during his nocturnal journey, Ra, the solar god, came there to regenerate by temporarily uniting with Osiris in the form of a single soul. As a result, ritual practices were beyond the reach of the uninitiated, as they were reserved for the priests, the only ones authorised to enter the divine sanctuaries. "Canopes, rdw. English football, which was suffering from a poor reputation for this sort of thing, took another hit. It was the final nail in the coffin for English clubs chances of being readmitted to European club competition early, and they had to wait another two seasons.
