

How Did Cobain Die

Nirvana went through several changes of members before recruiting Dave Grohl in 1990; with this final lineup of Cobain, Grohl and Krist Novoselic, the band signed with DGC and found commercial success with the single "Smells Like Teen Spirit" from their critically acclaimed second album Nevermind (1991). Cobain wrote many other hit Nirvana songs, notably "Come as You Are", "Lithium", "In Bloom", "Heart-Shaped Box", "All Apologies" and "Something in the Way". Although Cobain was often hailed as the voice of his generation following Nirvana's sudden success, he was uncomfortable with this role. Overview

In the late 1980s, Nirvana established itself as part of the Seattle grunge scene. They released their first album, *Bleach*, on the independent record label Sub Pop in 1989. Their sound relied on dynamic contrasts, often between quiet verses and loud, heavy choruses. After signing to the major label DGC Records in 1990, Nirvana found unexpected success with "Smells Like Teen Spirit", the first single from its landmark second album, *Nevermind* (1991). A cultural phenomenon of the 1990s, *Nevermind* was certified thirteen-times platinum in the US and is credited with ending the popularity of hair metal.

The film includes artwork by Cobain as well as music and sound collages composed by him. Much of the music and sound collages were released on the film's soundtrack, *Montage of Heck: The Home Recordings*. A companion book was also released containing film animation stills from the film as well as transcripts of interviews, photographs, and pieces of Cobain's artwork not featured in the film.
