She continued her studies at the Colegio del Sagrado Corazón on Madrid's Caballero de Gracia Street, graduated from the Official School of Journalism, and worked as a special correspondent for the weekly *Sábado Gráfico* in Germany, Austria, and the United Kingdom. She spoke five languages.

== Characteristics ==

They are the larvae of *Ancognatha scarabaeoides* and *Rhynchophorus palmarum* which are considered pests that can attack crops, destroying them partially or totally, or affecting them from the root. The weevils burrow into the aguaje tree, lay eggs, and after hatching, the grubs feed on the oily bark. It is speculated that the fatty flavor comes from this.

Alcocer became First Lady in 2022 after her husband was inaugurated as president. Her role as First Lady diverged from the mold established...

Spanish cuisine (2005). The different culinary traditions in the Iberian Peninsula can be roughly categorized within the Mediterranean diet or the Atlantic diet. In Salas-Salvadó, Jordi; García-Lorda, Pilar; Sánchez Ripollés, José M. It features considerable regional diversity, with significant differences in different parts of the country. ^a (eds. "La alimentación en Bizancio",. La alimentación y la nutrición a través Spanish cuisine (Spanish: cocina española) consists of the traditions and practices of Spanish cooking.)

Mojojoy The flavor has had different descriptions including resembling the taste of hazelnut or butter. 60: 211–219. In Peru, it is known as suri or cocotero. (September 2010). "Alimentos autóctonos de las comunidades indígenas y afrodescendientes de Colombia",. Archivos Latinoamericanos de Nutrición. Mojojoy or Chontacuro is the name of larvae of different palm weevils found in the Oriente (Ecuador) and the Amazon region of Colombia, eaten as food and known as a pest for various palm species. It is also considered a sustainable food source

== History ==

Olive oil (of which Spain is the world's largest producer) is extensively used in Spanish cuisine. It forms the base of many vegetable sauces (known in Spanish as sofritos). Herbs most commonly used include parsley, oregano, rosemary and thyme. The use of garlic has been noted as common in Spanish cooking. The most-used meats in Spanish cuisine include chicken, pork, lamb and veal. Fish and seafood are also consumed on a regular basis. Tapas and pinchos are snacks and appetizers commonly served in bars and cafes.

She has three siblings: Victoria, Alexis and a paternal half-sister Chloé. She was raised in New York City, and educated in Paris, and used to live in Málaga. During her adolescence she lived for two years in Marbella. She studied at the Institut Le Rosey in Switzerland, a Swiss boarding school, and at the Lycée Français de Madrid.

== Biography ==

Prieto received a Bachelor of Medicine from the Javeriana University, a master's degree in Philosophy at the Javeriana University (2014), and a postgraduate degree in Human Rights at the Open University of Catalonia.

Verónica Alcocer was born in Sincelejo. She met Gustavo Petro in 2000 at the age of 20, and the two married in December of that year. That same year, they moved to Bogotá, D.C., where Petro already had an established political career. The couple had two children between 2002 and 2005. She had previously become a mother in 1996 to her eldest son, Nicolás. She has actively supported her husband in his political career, campaigning alongside him during his 2011 mayoral campaign in Bogotá. Alcocer became the First Lady of Bogotá after her husband's victory in the 2011 regional elections. As First Lady, she assumed the role of social gestor of the city.

In 2022, she participated in the seventh edition of MasterChef Celebrity Spain, reaching the culinary talent semi-final.
