A state of emergency was declared in the Strumyani municipality following overnight downpours. Two powerful flood waves formed on the Shashka and Zlinska mountain rivers, causing a sharp rise in water level and significant damage. The water inundated houses and yards, damaged roads and bridges, and brought large quantities of mud, rocks, and fallen trees. In some places, access roads to populated areas were blocked. Strumyani and the area around the village of Ilindentsi were particularly hard hit. Several villages were left without power and water, and dozens of people were evacuated. One of the hardest hit was the Karelia Hotel Complex and its surrounding area. Its grounds were almost completely covered in a thick layer of mud and sediment. Water, along with rocks, branches, and wood, penetrated directly into the building. The Sofia-Petrich railway line in the Strumyani area was completely blocked. Bulgaria's capital, Sofia, also suffered severe damage from storms, hail, and flooding, but a video about that will be released tomorrow. db59e28828 A major forest fire has broken out in the Collserola Natural Park, located in the northern part of Barcelona, Spain, within the city limits. The blaze started in the afternoon in an area near the residential neighborhoods of Canyelles and Torre Baró. Due to heavy smoke and the fire's proximity to residential buildings, authorities were forced to impose restrictions on residents. The burned area reached approximately 55 hectares (136 acres), primarily damaging forest, shrubs, and other vegetation in the natural park. Due to the fire, 14,000 residents in the Torre Baró and Ciutat Meridiana neighborhoods received emergency notices urging them to stay home and close their windows and doors. Residents were also evacuated from houses on Castellví and Lliçà streets in Torre Baró, where the fire was closest. Several roads were closed, and train service at Torre Baró station was temporarily restricted. db59e28828 Среща с Айжан db59e28828 Playback db59e28828 Finances db59e28828 A good day db59e28828 Tornado lifts debris into the air in Italy, powerful storms in Romania and Bulgaria - Tornado lifts debris into the air in Italy, powerful storms in Romania and Bulgaria 8 minutes, 57 seconds - Reviews of **weather**, events, natural disasters, astronomical phenomena and wildlife around the world 0:00 A strong atmospheric ... db59e28828 Still learning db59e28828 Хапваме царица db59e28828 Планът за Трабзон db59e28828 TYPICAL PRICES IN BULGARIA db59e28828 Турски граждани ли сме? db59e28828 Travel db59e28828 Turkey - Bulgaria / Crossing The Border By Car - Turkey - Bulgaria / Crossing The Border By Car 8 minutes, 52 seconds - Crossing the border to **Bulgaria**, by car.
