

Throat Meaning In Marathi

== Description == e3f25ef27b == History == e3f25ef27b As a multidisciplinary genius, his library is said to have held books spanning 102 subjects, including Quantum Physics, Mathematics, and Physiology. e3f25ef27b

Yellow-wattled lapwing Like other lapwings and plovers, they are ground birds and their nest is a mere collection of tiny pebbles within which their well camouflaged eggs are laid. vagdau titodi in Gujarati, pitmukhi titvi in Marathi, manjakanni in Malayalam, haladi tittibha in Kannada, aalkati in Tamil and kiraluwa in Sinhalese. The chicks are nidifugous, leaving the nest shortly after hatching and following their parents to forage for food. They are dull grey brown with a black cap, yellow legs and a triangular wattle at the base of the beak. It is found mainly on the dry plains of peninsular India and has a sharp call and is capable of fast flight. Although they do not migrate, they are known to make seasonal movements in response to rains. This The yellow-wattled lapwing (Vanellus malabaricus) is a lapwing that is endemic to the Indian subcontinent e3f25ef27b

D. R. Bendre kirtans in Marathi. The richness, originality, and euphony of his poetry, his preternatural feel for the Kannada language, and his charismatic personality would result in him being hailed as a Varakavi (lit. Appabhatta took Sanyasa deeksha in his old Dattātreyā Rāmachandra Bēndre (31 January 1896 – 26 October 1981), popularly known as Da Rā Bēndre, is generally considered the greatest Kannada lyric poet of the 20th century and one of the greatest poets in the history of Kannada literature. In a poetic journey that spanned almost 70 years (~ 1914 – 1981), Bendre engaged continuously in what he called Kāv̥yōdyōga or 'The High Yoga of Poetry'. A pioneering poet of Kannada's Navōdaya movement and a leading figure in the linguistic renaissance of Kannada in the region of North Karnataka (then part of the Bombay Presidency), Bendre forged a new path in Kannada literature and modern Kannada poetry through his original use of desi Kannada, particularly Dharwad Kannada – the form of Kannada spoken in the North Karnataka region of Dharwad. He was also a Vedic scholar who wrote a treatise on the Arya metre, titled Chhandodaharana. 'boon-gifted poet-seer') by the Kannada people e3f25ef27b

The yellow-footed green pigeon measures about 33 cm (13 in) long as an adult. Its plumage combines green, yellow, grey, and purple, creating a distinctive appearance. Its most noticeable feature is its bright yellow or yellow-orange legs and feet. Adults have a bluish-grey or greyish crown and nape, a yellowish-green forehead and throat, and a broad yellow or olive-yellow collar around the neck. Their upperparts appear pale greyish-green, while a noticeable mauve or purple patch covers the shoulder. The wings are dark with yellow edges, and the base of the tail has a yellow-green colour. Grey feathers form the end of the tail, while the undertail feathers range from purple to cinnamon-rufous. e3f25ef27b The spread of Persian closely followed the political and religious growth of Islam in the Indian subcontinent. However, Persian historically played the role of an overarching, often non-sectarian language connecting the diverse people of the region. It also helped construct a Persian identity,... e3f25ef27b As a child he had little interest in music. His uncle Ghulam Mustafa Khan was among the first to note his musical talents, and for some time trained him in Mumbai. However, he received his main training from Nisar Hussain Khan, initially at his house in Badayun. A strict disciplinarian, Nisar Hussain Khan would insist on voice training (Swar Sadhana) from four in the morning, and make Rashid practise one note of the scale for hours on end. e3f25ef27b == Early life == e3f25ef27b The Judeo-Urdu dialect was written in the Hebrew script. The orthography is one of the primary reasons for this dialect being associated with Urdu, rather than Hindi, as the spelling of lemmas found in literature written in the Judeo-Urdu dialect seem to correlate with the Perso-Arab spelling. For instance, Arabic loanwords which contain the letters ﻻ would be mapped to the Hebrew equivalent ו, a pattern which is consistent with other loanwords and loan-letters. e3f25ef27b The Indian cobra is revered in Hindu mythology and culture, and is often seen with snake charmers. It is a protected species under the Indian Wildlife Protection Act (1972). e3f25ef27b Knowledge of Hindustani classical music is taught through a network of classical music schools, called gharana. Hindustani classical music is an integral part of the culture of North India and is performed across the country and internationally. Exponents of Hindustani classical music, including Ustad Bismillah Khan, Pandit Bhimsen Joshi and Ravi Shankar have been awarded the Bharat Ratna, the highest civilian award of India, for their contributions to the arts. e3f25ef27b

Banded krait The longest banded krait measured was 2. While this species is generally considered timid and docile, resembling other members of the genus, its venom is highly neurotoxic which is lethal to humans. 25 m (7 ft 5 in) long, but The banded krait (Bungarus fasciatus) is a venomous species of elapid endemic to Asia, from Indian subcontinent through Southeast Asia to Southern China. The tail is relatively small, about one-tenth the length of the snake. chin, and throat. Although toxicity of the banded krait based upon murine LD50 experiments is lower than that of many other kraits, its venom yield is the highest due to its size. With a maximum length exceeding 2 m (6 ft 7 in), it is the longest krait with a distinguishable gold and black pattern e3f25ef27b

== Etymology == e3f25ef27b

Judeo-Urdu It is a dialect that was written in the Hebrew script and found to be used for several pieces of literature, such as Inder Sabha, a copy of which is kept at the British Library. ISBN 9781463237349. Dialectal form جَنَاور, which corresponds with Marathi: जनावार, jānāvar Dialectal form جُو, which corresponds with Marathi: जु, čuvā v t e Judeo-Urdu (Urdu: یٰہودِ اُردو, romanized: yahūd urdū; Hebrew: אורדו יְהוּדִית, romanized: ūrdū yehūdīt) was a dialect of the Urdu language spoken by the Baghdadi Jews in the Indian subcontinent living in the areas of Mumbai and Kolkata towards the end of the 18th century e3f25ef27b

== Taxonomy == e3f25ef27b The longest banded krait measured was 2.25 m (7 ft 5 in) long, but normally the length encountered is 1.8 m (5 ft 11 in). e3f25ef27b He was awarded the Padma Shri, as well as the Sangeet Natak Akademi Award in 2006. He was awarded the Padma Bhushan, India's third highest civilian award, in 2022 by the Indian Government in the field of Art. e3f25ef27b

However, the representation of unique sounds found in Indo-Aryan languages, such as retroflex consonants as well as aspirated consonants, were not represented by unique or modified Hebrew letters. Rather, alveolar consonants were also used to represent these sounds...

The word is derived from the Sanskrit *deśa* (country) and *svāmī* (lord).

Desai Bela Bhatia (1992). Retrieved 13 June 2008. Lush Fields and Parched Throats: The Political Desai (pronounced [d̪eːsaːi]) is an Indian administrative, princely or honorary title and surname. Oxford University Press. 11. Indian immigrants in Britain. p

Persian language in the Indian subcontinent It has no surviving indigenous native-speaking community today. Empire. It largely replaced Sanskrit as the language of politics, literature, education, and social status in the northern subcontinent. Initially it was used by Muslim dynasties of India but later started being used by non-Muslim empires too. The language was brought into South Asia by various Turco-Persianate and Afghan empires and was preserved and patronized by local Indian dynasties from the 11th century, such as the Sayyid dynasty, Tughlaq dynasty, Khalji dynasty, Mughal dynasty, Gujarat sultanate, Bengal sultanate, Bahmani sultanate, and the Deccan sultanates. Even though Hindustani and Marathi were the official languages of the Maratha Empire, Persian was still used in the Maratha court (darbar) and was Indian Persian, or Indo-Persian, was the historical variety of Persian used as an official language of administration across much of the Indian subcontinent. For example, the Sikh Empire, Persian held official status in the court and the administration within these empires

== Writing system == Taxonomy == From very early on, Hindustani classical music diverged from what eventually came to be identified as Carnatic classical... Rashid Khan was born in Sahaswan, Badayun, Uttar Pradesh on 1 July 1968. He received his initial training from his maternal grand-uncle, Ustad Nisar Hussain Khan. He was also a nephew of Ustad Ghulam Mustafa Khan. Description == The banded krait is easily identified by its alternate black and yellow crossbands all of which encircle the body. The head is broad and depressed and it is not distinct from the neck. The eyes are black. It has arrowhead-like yellow markings on its otherwise black head and has yellow lips, lores, chin, and throat. The tail is relatively small, about one-tenth the length of the snake. The yellow-wattled lapwing was described by the French polymath Georges-Louis Leclerc, Comte de Buffon in his *Histoire Naturelle des Oiseaux* in 1781. The bird was also illustrated in a hand-coloured plate engraved by François-Nicolas Martinet in the *Planches Enluminées D'Histoire Naturelle*. This plate was produced under the supervision of Edme-Louis Daubenton to accompany Buffon's text. Neither the plate caption nor Buffon's description included a scientific name but in 1783 the Dutch naturalist...

Indian cobra Patterns on the throat and ventral scales are also variable in this species. The majority The Indian cobra (*Naja naja* /nadʒa nadʒa/), also known commonly as the spectacled cobra, Asian cobra, or binocellate cobra, is a species of cobra, a venomous snake in the family Elapidae. The species is native to the Indian subcontinent, and is a member of the "Big Four" species that are responsible for the most snakebite cases in Sri Lanka and India. the underside, outside the throat region, is usually light

Hindustani classical music Archived from the Hindustani classical music (also known as North Indian classical music or Shastriya Sangeet) is the classical music of the Indian subcontinent's northern regions. It diverged in the 12th-century from Carnatic music, the classical tradition of southern India. It is played on instruments like the veena, sitar and sarod. *vedas*; here it means notes of a scale. "Marathi News, Latest Marathi News, Marathi News Paper, Marathi News Paper in Mumbai". While Carnatic music largely uses compositions written in Sanskrit, Tamil, Telugu, Kannada, and Malayalam, Hindustani music largely uses compositions written in Sanskrit, Hindustani (Hindi-Urdu), Braj, Awadhi, Bhojpuri, Bengali, Rajasthani languages, Punjabi and even Persian. Loksatta

Scalation: 15 dorsal scale rows at midbody; sub-caudal scutes undivided throughout...
