c8ca9b4000 I feel the conduct of this admin on the Terror Bombing and History of Terrorism has been inappropriate for an admin. On terror bombing he frequently deleted any additions that didn't fit his personal perspective despite overwhelm consensus for such edits on the talk page. On History of Terrorism he has recently presented himself as a neutral admin however he has previously supported the disputed version that he seeks to lock down, As such I feel he is not approaching the issue with clean hands. Similarly I find his attempt to block anonymous editors who have made substantial and useful contributions to the page also very dubious as it seems simply trying exclude those he disagrees with. I am extremely concerned by his conduct and would appreciate a more expert eye applied to it. Sherzo (talk) 11:08, 21 December 2009 (UTC)
