

United States And Cities

Lists of populated places in the United States - Lists of U.S. cities by state c267dd626a List of United States cities by population c267dd626a Population centers may be organized into incorporated municipalities of several types, including the city, town, borough, and village. The types and nature of these municipal entities are defined by state law, and vary from state to state. In addition to these general-purpose local governments, states may also create special-purpose local governments. Depending on the state, local governments may operate under their own charters, under the states general law, or a state may have a mix of chartered and general-law local governments. Generally, in a state having both chartered and general-law local governments, the chartered local governments have more local autonomy and home rule. Municipalities are typically subordinate to a county government, with some exceptions. Certain cities, for example, have consolidated with their county government... c267dd626a

List of United States cities by Spanish-speaking population c267dd626a In many cases an incorporated place is geographically large because its municipal government has merged with the government of the surrounding county. In some cases the county no longer exists, while in others the arrangement has formed a consolidated city-county (or city-borough in Alaska, or city-parish in Louisiana); these are shown in bold. Some consolidated city-counties, however, include multiple incorporated places. In such cases, this list presents only that portion (or “balance”) of such consolidated city-counties that are not a part of another incorporated place; these are indicated with asterisks (*). Cities that are not consolidated with or part of any county are independent cities, indicated with two asterisks (**). c267dd626a
