4'33" was conceived around 1947–48, while Cage was working on the piano cycle Sonatas and Interludes. Many prior musical pieces were largely composed of silence, and silence played a notable role in his prior work, including Sonatas and Interludes. His studies on Zen Buddhism during the late 1940s about chance music led him to acknowledge the value of silence in providing an opportunity to reflect on one's surroundings and psyche. Recent developments in contemporary art also bolstered Cage's understanding on silence, which he increasingly began to perceive... Minutes may be created during the meeting by a typist or court reporter, who may use shorthand notation and then prepare the minutes and issue them to the participants afterwards. Alternatively, the meeting can be audio recorded, video recorded, or a group's appointed or informally assigned secretary may take notes, with minutes prepared later. The Clock was moved to 150 seconds (2 minutes, 30 seconds) in 2017, then forward to two minutes to midnight in 2018, and left unchanged in 2019.... == Track listing ==

This is assessed in January of each year. The main factors influencing the Clock are nuclear warfare, climate change, and artificial intelligence. The Bulletin's Science and Security Board monitors new developments in the life sciences and technology that could inflict irrevocable harm to humanity. eef9691b14 == History == eef9691b14 10 Minutes and 38 Seconds in This Strange World opens in 1990 with "Tequila Leila", who is a prostitute. The story has her five outcast friends, who do not share a worthy importance in an illiberal country. Leila enters the state of awareness in her last moments, after she has been murdered and left in a dumpster outside Istanbul. "While the Turkish sun rises above her and her friends asleep soundly nearby, she contemplates her mortal existence before eternal rest." In the last minutes she recalls her previous life; "the taste of spiced goat stew, sacrificed by her father to celebrate the long-awaited birth of a son; the sight of bubbling vats of lemon and sugar which the women use to wax their legs while the men attend mosque; the scent of cardamom coffee that Leila shares with a handsome student in the brothel where she works. 120 Minutes returned as a monthly program on MTV2 on July 30, 2011, with Matt Pinfield as host. Historically, the word "minute" comes from the Latin pars minuta prima, meaning "first small part". This division of the hour can be further refined with a "second small part" (Latin: pars minuta secunda), and this is where the word "second" comes from. For even further refinement, the term "third" (1/60 of a second) was once used, but most modern usage subdivides seconds by using decimals. The symbol notation of the prime for minutes and double prime for seconds can be seen as indicating the first and... Summary These units originated in Babylonian astronomy as sexagesimal (base 60) subdivisions of the degree; they are used in fields that involve very small angles, such as astronomy, optometry, ophthalmology, optics, navigation, land surveying, and marksmanship.
