A Child Is Born (book) A Child Is Born (full title: A Child Is Born: The drama of life before birth in unprecedented photographs. A practical guide for the expectant mother; original Swedish title: Ett barn blir till) is a 1965 photographic book by Swedish photojournalist Lennart Nilsson. Their reproduction in the April 30, 1965, edition of Life magazine sparked so much interest that the entire print run of eight million copies sold out within four days; they won

Nilsson the American National Press Association Picture of the Year award, and reached a sufficiently iconic status to be chosen for launch into space aboard the NASA probes Voyager 1 and Voyager 2. The images were among the first of developing fetuses to reach a wide popular audience.
