== Synopsis == 7fc8a44206 Organizations typically document procedures in their published policy and procedures guide, or their standard operating procedure (S.O.P.) guide. A procedures manual or procedural manual typically gathers together a number of procedures used within an organisation, or for a specific set of functions. For example all airlines give their pilots a S.O.P which holds all the information regarding flying. While procedures typically detail high level steps, a Work Instruction would provide more detail, for example the tools to use and how precisely to use the tools to carry out the procedure. 7fc8a44206
